CONTINUOUS AUDIT OF CITY BOOKS NOW POSSIBLE

New System Is Put Into Use
By Municipality, States
Controller Saulsberry

A continuous audit of the city's finances at all times will be available on a few minutes' notice as changes now under way have been completed in the accounting department at the city hall.

Receipts and expenditures by the city administration are divided into about 400 classifications. These are recommended by the state railroad commission and no change is contemplated in the arrangement of these classifications.

Under the system which has been used the individual items have been gathered into half a dozen or a dozen different groups. In order to obtain information in regard to any of the individual classifications, it has been necessary to segregate the items of that classification from among the others in the general group.

Quick Information
With the new system the items will still be grouped under general groups but it will be possible to obtain information immediately on each of the 400 classifications. In other words information will be available not only in regard to the financial status of each department of the city government but in regard to all of the component expenses of that department.

For instance, the fire department is a general classification. Information in regard to its cost of operation has been available at all times. But when information was desired in regard to the expenditures for wages, gasoline, oil, insurance and other items in this account, it was necessary for someone in the accounting department to dig them out from the general group. Under the new system information in regard to any of the items of expenditure for the fire department will be available at once.

H. C. Saulsberry, city controller, emphasized the fact this morning that the change contemplated is not of a radical nature which would complicate the city's accounting system. He believes on the contrary that it will simplify the present system greatly.

Total for Permits Now at \$5,346,081

Two and a half business days to complete this month and building permits this morning amounted to \$590,860 and for the year, to date, \$5,346,081.

Permits issued recently include the following:

Thomas Minford, 4 rooms and garage, 1870 Verdugo Knolls drive.....	4,000
M. C. Graham, 5 rooms and garage, 540 Vine street.....	3,200
Henry A. Michel, 4 rooms, 355 West Palmer street.....	3,000
J. F. Stanford, 5 rooms and garage, 536 West Doran street.....	3,000
J. E. M. B. and L. E. B. a 4 win. and dining rooms, 123 North Brand boulevard.....	1,500
L. W. Baganza, additional cost, 433 West Windsor road.....	800

Elks Band to Give Free Concert Sunday

Band concert tomorrow afternoon!

The Glendale Elks' band will present a concert tomorrow afternoon at 2:30 o'clock on the high school steps to which all music lovers of the community are invited.

The program is as follows:

March, "King Sol" (Gloggan); selection, "Martha" (Tobani); "Pais," polka (Barnard); cornet duet by L. G. Wilbur, C. K. Astor; "Sweet Indiana Home," fox trot; intermission ten minutes; march, "Federal March" (Souza); review, "Traumeri" (Schuman); characteristic, Mazurka "Amarosa" (Nararro); (a) "Three o'clock in the Morning," waltz; repeated by request; (b) "Say It While Dancing," fox trot.

New Methodist Pastor Speaks Here Sunday

First Methodist church members and friends are to greet their new pastor and assistant pastor, Dr. Henry I. Rasmus, Sr., and Rev. Harry I. Rasmus, Jr., at the Sunday church services.

Dr. Rasmus succeeds Rev. C. M. Crist, who has been appointed to the supervision of the San Diego district.

Dr. Rasmus, who was for six years pastor of the First Methodist church at Long Beach, has just completed a six-year term as head of the San Diego district. His son, Rev. Rasmus, has been pastor of the church at La Mesa for three years.

The Rasmus family will reside at 315 North Jackson street.

BULLETINS

By International News Leased Wire

WEATHER BUREAU ISSUES FORECAST FOR NEXT WEEK

WASHINGTON, D. C., Oct. 28.—The weather bureau forecast for next week: Pacific States—Generally fair in southern and central California and occasional rains elsewhere. Normal temperature.

MAYFIELD IS DEMOCRATIC NOMINEE FOR U. S. SENATE

AUSTIN, Texas, Oct. 28.—It was announced by Secretary of State Staples today that he would certify the name of Earl B. Mayfield as the Democratic nominee for the senate. Telegrams were sent at once to all county judges throughout the state.

EYEWITNESS TO DOUBLE MURDER RECEIVES THREAT

NEW BRUNSWICK, N. J., Oct. 28.—There is still one bullet left and it can be used to good advantage.

The above unsigned message was received today by Mrs. Jane Gibson, eyewitness of the double murder of the Rev. Dr. Edward W. Hall and Mrs. James Mills.

"As steady as I am, I must confess that I am scared," Mrs. Gibson told an International News Service reporter this afternoon. "I called the state troopers when I received that message."

PROHIBITION ORGANIZATION SPENDS \$50,000 IN CAMPAIGN

WASHINGTON, Oct. 28.—Nearly \$50,000 has been spent during this campaign by the "Flying squadron foundation," a prohibition institution working chiefly in the central west, according to the sworn statement of the foundation filed with the clerk of the house this afternoon.

The statement showed receipts of \$56,711 and expenditures of \$47,622. The money has been expended sending dry orators on speaking tours to help elect dry campaigners.

JAMES A. STILLMAN IS DEFEATED IN DIVORCE FIGHT

POUGHKEEPSIE, N. Y., Oct. 28.—Supreme Court Justice Seeger today denied the motion of counsel for James A. Stillman, the millionaire banker, to vacate the decision given by Judge Morchauser confirming the report of Referee Daniel J. Gleason in the divorce proceedings between the banker and his wife, Mrs. Anne U. Stillman. The Gleason report was favorable to Mrs. Stillman.

Justice Seeger denied the motion on its merits and counsel for Stillman intimated they would make another appeal.

Eighty Young People at Hallowe'en Party

A Hallowe'en party given last night at the Presbyterian church by the Intermediate Christian Endeavor society was enjoyed by eighty young people of high school age. Harold Majors was chairman of the committee arranging the affair.

Cornstalks, pumpkins and the Hallowe'en colors, orange and black, decorated the church parlors for the affair. Games, music, singing and a comedy circus were entertainment features.

Paul Edmonds served as ringmaster for the circus and those taking part were Mildred Sooy, a lion tamer; Percy Jewell, the lion; Graham Tinning, a high jumper; Lyle McAllister, a clown; Louise Daugherty, a snake charmer; Fred Fallis, a bareback rider; Grace Yarbrough, a tight rope walker; Margaret Majors, a fat woman weighing 490 pounds.

Late in the evening Hallowe'en refreshments of pumpkin pie, apples and candies were served.

Latter Day Saints to Conduct Services

The first Sunday services of the Church of Jesus Christ of Latter Day Saints (Mormons) will be held Sunday at 10:30 South Brand boulevard.

For several weeks missionaries of the church have been making preparations for the initial services and at the meeting tomorrow several California mission church authorities will be present.

Sunday school is to be held at 10 o'clock and a preaching service will follow at 11:30 o'clock.

Mission Worker From Korea Speaker Here

Rev. C. L. Phillips, who arrived recently for a furlough from his missionary work in Korea, is to speak tomorrow night at the Tropic Presbyterian church. Rev. Phillips is located at a mission station at Pyenyang.

A series of evangelistic meetings will start at the church November 19, led by Rev. H. P. Dunlop, D. D. of Chicago, assisted by Mrs. Dunlop.

Y. M. C. A. DRIVE TO START SUNDAY

Workers to Meet at Christian Church at Noon; Announce Speakers

Plans are now complete for the noon meeting at the Christian church tomorrow of the Y. M. C. A. workers who will start a three-day drive to raise approximately \$5,000 with which to carry on the work of the organization for the coming year. About 100 of the workers are expected to attend.

At the meeting, which is to be in the nature of a luncheon, a number of speakers will urge the men to "go the limit" to make the campaign a success. The various teams will then get together for a final word and then begin the canvass.

The progress of the drive is to be shown on a large bulletin board which is at the office of the secretary, Rev. C. Kelley. Progress made on each of the days of the drive, Sunday, Monday and Tuesday, will be marked, and shown to the men at their noon meetings. The workers are to be urged tomorrow to make every effort to raise the money on the first day if possible.

Keen rivalry is being shown by the two teams, the "Go-Getters," of which C. W. Ingledue is captain, and the "Live Yers," of which W. A. Horn is the captain. David Black is the campaign chairman.

Those who will take part in the program tomorrow noon are George Gleason, general secretary of the Y. M. C. A. at Tokyo; A. H. Beisner, general secretary of the Y. M. C. A. at Pomona; G. W. Andresen and Howard Brown will entertain the gathering.

The money raised, it is explained, is to be used to carry on the Y. M. C. A. work in Glendale and vicinity until next October. No charge is made for membership in the organization here, and it is sometimes necessary for members to be assisted financially in order that some of those who must otherwise miss it, may take in a summer camp.

F. W. LINK GETS FREED FROM JAIL

Realtor Sentenced 15 Days for Starting Fire Is Released on Petition

F. W. Link, Eagle Rock real estate man, sentenced to fifteen days in the county jail for starting a fire within the city limits of Eagle Rock without first obtaining a permit, was released from jail yesterday afternoon at 4 o'clock upon application for a parole signed by Attorney A. H. Davis of Glendale and Attorney W. P. Mealey of Los Angeles.

When seen at his office this morning, Mr. Link stated that he desired to publicly thank his many friends for their efforts extended in attempting to secure his release from jail.

Two officers from the Los Angeles County Foresters' department were in the Eagle Rock City hall this morning stating they were investigating the circumstances of Mr. Link's alleged connection with the fire that raged in the hills last Sunday.

Mrs. A. E. Angier Is Hallowe'en Hostess

Mrs. A. E. Angier of 612 North Orange street entertained with a Hallowe'en party at her home on Thursday afternoon and evening from 4 o'clock until 7 o'clock in celebration of the eleventh birthday anniversary of her daughter, Mildred Louise. The guests included Blythe Ringquist, Helen McCormick, Jane Criswell, Marguerite Hudson, Dorothy Bourne, Peggy Clark, Isabel Livinston, Elizabeth Young, Doris Hanna, Alma Louise Abell and Marion Foster of Arcadia. The Hallowe'en colors and motifs were used in the decorations and favors. A large birthday cake was one of the features of the refreshments.

New Pastor Pacific Avenue Church Here

Rev. H. C. Mullen, recently appointed to the pastorate of the Pacific Avenue Methodist church, arrived in Glendale last night with his family and will occupy the Pacific Avenue pulpit morning and night Sunday.

The Mullen family have just come from Cucamonga and they will reside at the parsonage next door to the church at 215 South Pacific avenue. The Mullens have two children, a son and daughter, Paul and Mary, both of whom will attend the city schools.

NEW STEAMSHIP SERVICE WASHINGTON, D. C., Oct. 28.

To meet the rapid development of American trade with the Philippine islands, the shipping board shortly will inaugurate a direct steamship service from North Atlantic ports to Manila, it was announced today.

SOLDIER PROJECTS BEING FURTHERED

Local Legion Urges Support of Propositions 1 and 3 on November Ballot

"Over the top for Propositions 1 and 3," was the slogan of last night's meeting of the Glendale Post of the American Legion, which was attended by an enthusiastic group of former service men. The post, headed by Commander James F. McBryde, is putting forth every possible effort that the two soldiers' legislative acts pass in Glendale by a big majority in the November election.

To illustrate the benefit which will be derived by California former service men in the event the bill is passed, a number of photographs of homes already purchased for disabled men through the initial bill, which carried in Sacramento last year, were passed among the members. One of these was particularly gratifying to the observers when William Hunter of 1543 West Fifty-fifth street, Los Angeles, was pictured in his new \$5,000 home which he is buying from the state government at the rate of \$32.50 per month. Hunter, who is a totally disabled veteran, is forced to lie in one position for the rest of his days, every joint in his body having become immovable with the exception of two in his neck. The photograph showed Hunter reclining in his bed in his new home, surrounded by a radio outfit, a pet parrot and a reading stand.

This was put forth as an example of the good that will be done if 1 and 3 are passed on November 7.

Former Leader Hurt

Upon the announcement that Burton Pitts, past state commander and declared by many to be the hardest working and most enthusiastic legionnaire in the United States, lay in a Santa Barbara hospital as a result of a serious aeroplane accident Thursday night, the post instructed Emil Kiefer to wire Pitts a message of sympathy and also to insure him that the "Glendalians" are not laying down on the job on propositions 1 and 3.

Pitts was on a ferry call to make a speech at Oxnard relative to the land and home acts when the accident occurred.

Jesse Smith, chairman of the committee on arrangements for the local Armistice day celebration, announced that plans were going ahead at a satisfactory pace and that Glendale is to have the biggest day on November 11, 1922, than it has ever had.

The plans include a monster parade in the morning, two championship football games in the afternoon on the high school campus and a grand ball in the evening.

Angelo Bessolo, past post commander of the Eagle Rock post, appeared before the Glendale members, giving a brief report of the recent national American legion convention which was held in New Orleans.

Opening Dance Will Be Given by Y. L. I.

The opening dance of their social season will be given tonight in the Chamber of Commerce ball room by the Y. L. I.

The affair will be in the nature of a Hallowe'en party but costume dancing will be the feature. A feature of the musical program will be the playing of the new fox trot, "Chicago," which made such a hit at the last Elks' dance. "Bill" Bode's orchestra will have charge of the symphony.

Anyone caught bringing any gloom into the hall will be ostracized from the hall, according to Miss Helen Godar of 527 East Lomita avenue, chairman of the entertainment committee. She is quite certain that every couple attending the dance will have a good time.

Broadway P.-T. A. to Hold 'Fathers' Night'

"Fathers' Night" will be celebrated Monday night at the Broadway school when an interesting program will be given under the direction of the Broadway Parent-Teacher association, of which Mrs. Adell Wickert is president. A large attendance of fathers and mothers is anticipated. The program for the evening will include violin numbers by Julius Kranz, vocal selections by Miss Elizabeth Mottern, piano solo by Mrs. W. D. Phillips, dance by Ann Elizabeth Wilkinson, whistling solo by Doris Forbes. The speaker of the evening will be Mrs. H. R. Archibald of Pasadena. At the close of the program refreshments will be served.

Glen Eyrie Chapter Receives Members

At the regular meeting of Glen Eyrie chapter, Order of the Eastern Star, held at Masonic Temple last night with the worthy matron, Mrs. Fannie Parke, in charge, eight new members were initiated into the order.

Mrs. Peterson of Watsonville, Calif., sister of Mrs. Ida Gilman, was a visitor at the chapter meeting. Mrs. Peterson is worthy matron of the Valley chapter, O. E. S., of Watsonville.

Local People Attend Roosevelt Memorial

Among the residents of Glendale attending the Roosevelt Memorial dinner in Los Angeles Friday night, October 27, were Mr. and Mrs. J. H. Brady, Dr. Jesse Russell, Mr. and Mrs. S. C. Leppelman, Miss Eva Daniels, Mrs. J. H. Franklin, Albert Pearce, and Mr. and Mrs. Lin Price. Senator Hiram Johnson was the speaker of the evening.

Parliamentary Law Section Will Meet

The members of the parliamentary law section of the Tuesday Afternoon club will hold their first meeting of the season at the home of Mrs. C. A. Brandstater, curator, 401 West Wilson avenue, on Monday afternoon, October 29, at 2:15 o'clock. All club members interested in parliamentary law are invited to be present.

BEAR GLEE CLUB AT HIGH SCHOOL

Mr. and Mrs. C. H. Toll's Son Takes Part on Program Offered by U. C.

The University of California Glee club was welcomed with enthusiasm yesterday afternoon by the students of Glendale Union high school.

Saxophone solos by "Jerry" Toll, son of Mr. and Mrs. C. H. Toll of 1635 Kenneth Road, were well received. He is now attending the University of California.

"Our Mollie" was the title of a slumber song which was not taken from "The Ostermooer." It was about a cow, who went to sleep on a beautiful hillside. After some vocal discussion, the boys decided to "let her sleep." While they were singing the aforesaid bovine a lullaby, they became drowsy themselves and "snorred" themselves off the stage.

"Cousin Jedediah" was the title of "dancing song" which got a good laugh from the audience. It seems that a quartet of visitors threatened to come from Boston to make an afternoon call and had to have nourishment in the form of tea. Fortunately, they failed to show up.

Some Variety in Act

An act by Coker & Taylor—no, wait a minute, it was Cole & Taylor, was considered unusually good by critics of the audience. It consisted of a song, called "She's Mine, All Mine," the "springing" of several jokes and a lot of footwork by Jack Cole and George Taylor.

The bass voice of Clyde Diddle, who sang a solo and an encore, was very conspicuous in the ensemble. His place on the program was taken during the first assembly by "Bob" Rathbun, who imitated Harry Lauder.

College songs sung were "Hail to California," "Stanford Jonah," "Golden Bear" and "All Hail." A short concert by the glee club's jazz band was forced to give many encores. It was led by Bert Wolcott, who played the trombone. Other players were Harold Givins, banjo; Frank Demsey, banjo; Jack Cole, drums; Dave Forrest, violin; Emory Liston, saxophone; Harry DeLaSaus, piano.

During the absence of C. R. Morse, who has been the director of this glee club for many seasons, the boys were led by Jennings Pierce, who kept time to the music by the motion of his chin.

Other members of the club were Milo Ayer, Tyke Smale, Ted Wright, F. E. Dunsmore, "Pete" Towne, A. T. Holt, M. McMahon, Winston Bullard.

Seven Escape Death In Crash of Autos

Seven persons miraculously escaped instant death yesterday afternoon when a small touring car loaded with women and children and another automobile collided at the intersection of Colorado and Louise streets. The smaller car was completely overturned and practically demolished while the other car was severely damaged.

R. A. Ladd, of 1116 East Harvard street, was driving the small car, and was going west on Colorado. The other car was driven by an unidentified woman and was traveling north on Louise street. The larger car was later found to be the property of J. H. Jacks, 330 South Grand avenue, Los Angeles.

Mr. Ladd, in company with his wife and two children, was driving his father and mother, Mr. and Mrs. A. W. Ladd, of Shabbona, Ill., to the Southern Pacific station, where they were to take the train for home, after a three weeks' visit here.

Both the wrecked cars were taken to the garage of the Sunset Motor Car company nearby. No one seemed to know just how the accident occurred or upon whom to place the blame. Mr. Ladd is an employee of the Glendale post-office. He said: "I don't know just how it happened, it was all over so quickly. It just happened and that's all, I guess."

LLOYD GEORGE INVADES ENEMY COUNTRY IN FIGHT

GLASGOW, Oct. 28.—Labor's manifesto of demands in the present British political contest is "a serious challenge and this is no time for men of moderate views to fall out," former Premier Lloyd George told a large audience here today. The former premier was "carrying his fight into the very heart of the enemy's country," as Premier A. Bonar Law formerly lived here and has been nominated for the house of commons by Glasgow Tories. Lloyd George charged Premier Bonar Law with preferring "unpatriotically to split the nation rather than the political party." He lampooned Premier Law's "negative policy of tranquility" and declared that the present cabinet does not equal in ability the preceding ministry. "I want to move on. They (the Tories) want to lie down. It will be many weary years before Europe is restored to pre-war conditions. Talking of tranquility is no remedy," he said. "As an old mariner who has weathered many gales, I warn that a worse hurricane is coming. The time is coming when we will need every man to save the kingdom from a ruinous expedition. I appeal to all not to endanger the glorious old ship by quarreling as to what officers shall be upon the bridge."

Today's World News in Brief

By International News Service Leased Wire

BOY IS HELD ON CHARGE OF SLAYING YOUNG GIRL

LOS ANGELES, Oct. 28.—Charged with having murdered 11-year-old Antonio Valencia, a pretty Mexican girl at Dominguez, William Martinez, age 14, was placed in the juvenile detention home early today. It is said Martinez shot the girl when she annoyed him while he was endeavoring to shoot squirrels about ten days ago.

MORE EVIDENCE DEMOCRATIC PARTY LACKS MONEY

WASHINGTON, Oct. 28.—The "broke" condition of the Democratic party this campaign year was further reflected today when the Democratic senatorial committee filed its statement with the clerk of the house showing receipts of only \$1437 and expenditures of only \$68. The Republican senatorial committee report, filed yesterday, showed receipts of \$103,000.

VLADIVOSTOK OCCUPATION CAUSES CELEBRATION

MOSCOW, Oct. 28.—A great celebration over the occupation of Vladivostok by soviet troops was in full swing here today. Soviet officials in speeches declared that the boundaries of the old Russian empire have now been virtually restored. Proclamations were issued by Lenin and Trotsky congratulating the red army and the people.

STATE DEPARTMENT CAUSES ATTACHMENT TO STOP

WASHINGTON, Oct. 28.—The court attachment on the property of the Mexican government in New York which resulted in the peremptory closing of the Mexican consulate here, has been vacated at the insistence of the state department, it was announced officially here today. The state department made representations to New York state authorities, following a protest from Mexico City that the attachment was in violation of international law.

RAILROAD TO PAY MORE THAN MILLION DOLLARS

CHICAGO, Oct. 28.—The United States railroad labor board today handed down a decision requiring the Erie railroad to repay clerks, telegraphers and dispatchers of the road for time off as provided in a contract entered into by the unions and the railroad a year ago last winter. Under the contract these employees and others were required to take one day off each week. The decision will mean payment by the road of more than \$1,000,000, it was said.

FIRE DOES NOT DAMAGE ARROWHEAD PROPERTY

LOS ANGELES, Oct. 28.—Announcement was made today by Andrew Warmington, an official of the big Lake Arrowhead improvement project in the San Bernardino mountains, that the forest fires, which, for a time threatened the company's clubhouse and other buildings, had been successfully held in check. Not a tree in Arrowhead woods was reached by the flames. Warmington declared sufficient precautionary measures have been adopted to handle just such a contingency.

FATALLY STABS BROTHER WITH KITCHEN KNIFE

BOSTON, Oct. 28.—Eleven-year-old John Margolis today stabbed his brother, Joseph, two years his senior, in the heart with a butcher knife, at their home in Chestnut street, Chelsea. Joseph is dying at the Chelsea Memorial hospital and John has been taken into custody. The two boys had waged a furious battle for hours in their home. Fists, chairs and other missiles had been employed. Bloodstains were everywhere. The fight is said to have been the culmination of a feud of long standing.

'REV.' NEWMAN WANTED FOR HIGHWAY ROBBERY

LOS ANGELES, Oct. 28.—More trouble loomed today for "Rev." Charles Newman, known as Harry Y. Cohen, alleged love cult leader, following the receipt by the district attorney's office of a telegram from authorities at Warren, Ohio, stating that Newman is wanted there on a charge of highway robbery involving \$2700. Newman, it is said, is alleged to have held up a client who called at his place and took the money from him. A complaint was immediately sworn out against Newman but he disappeared.

ANOTHER RAIL LINE FOR SOUTHERN END OF STATE

CALEXICO, Oct. 28.—Construction of a new railroad line connecting Calexico with LaBomba, on the Gulf of Lower California, will be started within sixty days, according to statements today from H. H. Clark, general manager of the Colorado River Land & Cattle Company of Calexico, member of the commission negotiating with the Southern Pacific company of Mexico on the project. When completed the new line will furnish transportation for all Imperial valley products to direct shipping routes to England, Japan and other countries, particularly facilitating exportation of cotton. Surveying crews were reported today to have completed their work. Roadbed construction will begin immediately, it was stated.

ADMINISTRATION TO FACE BILLION DOLLAR DEFICIT

WASHINGTON, Oct. 28.—A government deficit of nearly \$1,000,000,000 next fiscal year confronts the administration, it was disclosed today by estimates of budget officers. The president and his advisers are said to be considering recommending new tax proposals to congress. When the appropriation bills for the next year go to congress in December, a wide gulf between receipts and expenditures will be revealed. The receipts of the treasury will be far less than was shown by earlier estimates. This is due to the slump in revenues from all principal sources. Income and profits taxes show the largest decrease. Taxes from this source now are running \$300,000,000 behind last year. Miscellaneous internal revenues are now running \$120,000,000 below last year's figures. Expected revenues from government security sales and from disposition of surplus war property have fallen below estimates.

LLOYD GEORGE INVADES ENEMY COUNTRY IN FIGHT

GLASGOW, Oct. 28.—Labor's manifesto of demands in the present British political contest is "a serious challenge and this is no time for men of moderate views to fall out," former Premier Lloyd George told a large audience here today. The former premier was "carrying his fight into the very heart of the enemy's country," as Premier A. Bonar Law formerly lived here and has been nominated for the house of commons by Glasgow Tories. Lloyd George charged Premier Bonar Law with preferring "unpatriotically to split the nation rather than the political party." He lampooned Premier Law's "negative policy of tranquility" and declared that the present cabinet does not equal in ability the preceding ministry. "I want to move on. They (the Tories) want to lie down. It will be many weary years before Europe is restored to pre-war conditions. Talking of tranquility is no remedy," he said. "As an old mariner who has weathered many gales, I warn that a worse hurricane is coming. The time is coming when we will need every man to save the kingdom from a ruinous expedition. I appeal to all not to endanger the glorious old ship by quarreling as to what officers shall be upon the bridge."

Costume Party Is Enjoyed by Guests

The members of Auxiliary No. 7 to N. P. Banks No. 22, Sons of Veterans, were entertained at a jolly Hallowe'en party given last night at the home of Mrs. Martha Galer, 407 West Park avenue.

The guests, all of whom were in costume, were met at the door with weird noises. The first stunt of the evening was a peanut hunt, the prize, a jar of peanut butter, being awarded to C. F. Stuart for finding the largest number of peanuts. Another game which provided a great deal of amusement was that of pinning the tail on the donkey. The prize being awarded to Mrs. Lula Paugh.

Sam Gillett, attired as Happy Hooligan, was awarded the costume prize. A unique costume was worn by Mrs. Martha Galer and was made entirely from the materials of the evening gown, with the exception of a large advertisement of "Where Do We Eat?" taken from a recent issue of The News. The house was decorated throughout with the Hallowe'en motifs of cats, pumpkins, witches, etc.

At 11 o'clock refreshments of pumpkin pie, home made buns, doughnuts and coffee were served. Dancing and cards provided the remainder of the evening's diversion for the thirty-eight guests present.

Ford Employees Take Trip on 'Moonlight'

A party composed of employees of Jesse E. Smith company, Glendale Ford dealers, enjoyed a fishing party aboard the "Moonlight" off the Newport beach last Sunday, catching nearly 400 mackerel. They returned by way of San Pedro, stopping there to visit the U. S. S. New Mexico. Those in the party included C. Weis, Jack Root, W. A. Adams, C. A. Campbell, Lorin Clymore, Thomas Craig, A. W. Holmes, Dave Grant, Oscar Guffey, Harry Mair, Donald Reiley, G. Sherman, Richard Blake, Max Koontz, H. F. Allen and James Blaine.

\$23,000 Bond Issue for Pipe Is Carried

The sale of \$23,000 worth of improvement bonds for the installation of a water main along Sierra avenue was approved unanimously by the thirty property owners interested, according to a report received this morning by City Clerk A. J. Van Wie. The election was held yesterday at 1001 Sierra avenue in the home of Attorney P. S. McNutt. The district was visited yesterday by Mayor Spencer Robinson, City Manager W. H. Reeves and Councilman C. E. Kimlin.

Long Music House Has Formal Opening

Glendale's progressive business spirit was reflected last night in the formal opening at 15 West Colorado street, Pasadena, of the new store home of the Long Music House, designed and built by the S. S. Beran company of 305 South Brand boulevard, Glendale. Mr. and Mrs. Beran were honored guests at the opening, in which approximately 7,000 persons participated during the reception hours, 2 till 10 o'clock.

In their announcement of the opening the Long company said: "It is the most beautiful music store on the Pacific coast that we invite you to visit. As you step into the entrance of our new store you will instantly exclaim that this store is truly a 'Palace of Music.'"

"Decorated in a silver gray and blue finish, you see before you many model bungalows, all aglow with beautiful lights and humming with music. These bungalows, of which there are twenty-five, are to be used for the purpose of demonstrating and displaying pianos and phonographs. Also for the use of customers who wish to hear the latest records and music rolls.

"Every room is fitted with a ventilating system for the circulation of fresh air at all times. The bungalow windows have curtains of hand-painted tarlatan drapes trimmed with gold fringe. The draperies are of blue broad velvet with hand-painted borders in gold. The entire store is carpeted in gray heavy Wilton velvet."

INFANT MORTALITY

The department of commerce will soon issue a bulletin, based on 1921 figures compiled by the bureau of the census, showing for each state and each city in the birth registration area the number of births and the infant mortality rate, together with figures for 1920 comparison. These 1921 figures for a population of 70,425,795 show 1,714,261 births, 825,511 deaths at all ages, and 129,588 deaths under 1 year of age, which give a birth rate of 24.3 per 1000 population, a record low death rate of 11.7 per 1000 population, and a record low infant mortality rate of 76. In 1920 the rates for the birth registration area were: Birth rate 23.7 per 1000 population; death rate, 13.1 per 1000 population; infant mortality rate 86.

Woman Slays Pastor, Then Self, Theory

HAVRE, Mont., Oct. 28.—Town folks today were reviewing incidents in the lives here of the principals of the double tragedy which stalked through Havre and left dead in its wake the Rev. Leonard J. Christler, "bishop of all out-doors," and Mrs. Margaret Carleton, known as "the most beautiful woman in Montana," in an effort to provide a motive for the murder and suicide. Police and county officials said today they were convinced the pastor was slain by Mrs. Carleton who then suicided.

Little incidents which at the time passed almost unnoticed were recalled today as every effort was made to piece together the story back of the tragedy.

Frequently of late, it was recalled today, the pastor, a term of affection given the rector of St. Mark's Episcopal church because of the wide field of his missionary efforts, and Mrs. Carleton walked together on the streets, but few thought anything of it. There had been talk months ago about the clergyman and Mrs. Carleton. Charges were made orally to the bishop of the district and testimony submitted but no official action was ever taken and the matter was dropped stilling gossip.

It now appears, according to the generally accepted theory, that what appeared but a platonic friendship of pastor and communicant was a real affection and a possible ending of it by the clergyman may have brought on the double shooting.

Mrs. Carleton was the wife of former Judge Frank Carleton of the district court, now in California. Mrs. Carleton, during the summer months, was on the Chautauqua circuit but returned here upon completion of her engagements.

KNEW THE SIGNS

Prohibition Commissioner Haynes said at a dinner in Washington:

"You can make very neat jokes at the expense of prohibition, but the movement goes on its way undisturbed."

"A colored preacher, when the world was wet, exhorted his flock to be temperate."

"Do as I do, mah breddren," he said. 'Bend de knee, but not de elbow.'"

"Pawson, pawson," chuckled a heckler, 'how long yo' been drinkin' outen de bungalow, man?'"

Audrey Haynes Gives Entertaining Recital

A pianoforte recital of unusual interest and merit was given last night by Audrey Haynes, 14-year-old daughter of Mr. and Mrs. Landon Haynes, 334 West Cypress, at the studio of her teacher, Winifred Wagner Bennett, at 1114 South Central avenue.

Miss Audrey presented a varied and difficult program in a manner which was admirable in execution and interpretation.

The first part of her program included "Russia" for four hands (Moszkowsky), Mrs. Bennett assisting; "Oriental" (Manzaneros), "Air de Ballet" (Chaminade, Op. 39, No. 11), "A Japanese Sunset" (Dappert), "Valse" (Chopin) Op. 42, "Habanera" (Gomez).

Numbers of second part were "Hungarian Dance" (Brahms) No. 4, for four hands, Mrs. Bennett assisting, "Alt-Wein" (Godegowsky), "The Mysterious Magician" (Grant-Schaefer), "The Gypsy, Hungarian Dance" (Lynn, Op. 11), "Fugato-Humoresque" (Zappa, Op. 21), "Springtime in the Forest" (Dennee, Op. 34).

In addition Mrs. Bennett had arranged an enjoyable surprise during a short intermission in the program. Two of her friends, Miss Genevieve Wagner and Wadsworth Harris, both of Los Angeles, gave a few moments to the entertainment of the guests.

Miss Wagner possesses a beautiful mezzo-soprano voice, while Mr. Harris is an actor and dramatic artist and their numbers on the evening's program were greatly enjoyed and heartily applauded.

PRACTICE GOLF CLUB

An English inventor's practice golf club is studied with spikes that hold a ball so that its position relative to the face of a club can be studied for errors.

A new office convenience ejects letter heads, carbon paper and paper for copies of letters in the proper order for insertion in a typewriter when a lever is pressed.

to Pacific-Southwest Trust and Savings bank, trustee for Dick and Mabel Michel—Lot 207, tract 1587, 20-95 maps. Instalment, 8%, \$2000.

1173—Mortgage, McCully-Moore Cabinet company and Francis E. and Nellie Moore to Charles S. McCully—Lots 13, 14, 15, block 5 or Richardson's subdivision, 18-21 maps. Instalment 7%, \$6000.

Jimmy Sacco Wins Over Joe Coffey

Jimmy Sacco, the battling little lightweight, was awarded the decision over Joe Coffey last night in the main event of the Hollywood American legion's weekly boxing show, outpointing his opponent in the last two of four torrid rounds of battling.

The two clever mitt artists started out with lots of action in the first and kept it up in the second, the going at this time being about even. But, at the beginning of the third canto Sacco gathered himself together and rained rights and lefts at Coffey's face and body at such a rapid rate that he clearly established a big lead for himself that could never be overcome without a knockout. The final round was all Sacco, although Coffey showed up well on several occasions.

In the semi-windup "Spec" Woods received the decision over Jimmy Marcus after the latter had injured his right hand in the third round. Until the time of the accident the bout was about even, with Marcus appearing to be the stronger of the two. A return bout between this pair would probably attract a capacity house.

Following are the results of the other bouts on last night's card, which was one of the best staged during the past few weeks: Kid Moha, the pluck little Filipino was outpointed in his bout with Sailor Walters; "Racehorse" Roberts outslugged Leo Matlocks; Pete Herman defeated Ray Lee, Billy Maxwell lost to Jack Welch, and Sailor Peggo stopped Sailor Ebbing in the first round.

Auxiliary of Legion Shows Appreciation

The Glendale Evening News is in receipt of the following self-explanatory communication:

"Please accept our thanks for the fine notices you gave of the 'Dime Diggers' at home, which has resulted in a goodly sum being added to the treasury of the American Legion Auxiliary.

MRS. E. U. EMERY,
MRS. E. W. W. HAYWARD.

FOR MAKING SOAP
Japan has eight plants which harden whale, fish and some vegetable oils for soap making with hydrogen cheaply obtained by the decomposition of water by electrolysis.

U. S. Oil Products Exports Fall Off

WASHINGTON.—The fiscal year ending June 30 saw a marked decline in the export of petroleum products from the United States, according to department of commerce experts. Crude petroleum was the only exception, increasing 7 per cent.

Canada was our chief customer for the crude product, taking 304,754,307 gallons during the year. The remainder went chiefly to Germany and Cuba. Exports of crude oil last June was 39 per cent above the figures for June, 1921.

Illuminating oil exports in June were somewhat above those for May, 1922, and June, 1921.

Millionaire Kills Self In St. Louis

ST. LOUIS, Oct. 28.—Selwyn C. Edgar, 71 years old, retired president of the Edgar Zinc company, and reputed to be a millionaire, shot and killed himself some time during the night at his home here.

Lubricating oil exports were nearly 10,800,000 gallons above June, 1921, and 1,409,000 gallons above the May, 1922, figure. Exports of gasoline, light oil products and gas and fuel oil showed declines from the preceding month, though considerably above the figures for June, 1921.

Local News

ADVERTISE CITY ON TRAINS

The Glendale Chamber of Commerce seldom misses an opportunity to boost the city, and through the action of Secretary James M. Rhoades, Glendale will become better known to passengers on the Southern Pacific lines, it is announced.

A letter was received this morning from F. S. McGinnis, general passenger agent of the railroad, with headquarters in Los Angeles, that "car window view cards" will hereafter list Glendale as one of the cities through which the train passes. In the past, it is stated, the cards have read that the first city after leaving Los Angeles is Burbank, and a jump from Burbank to Los Angeles also happening in the other direction.

BALL AND CARD PARTY

A Halloween ball and card party is to be given at Masonic Temple tonight by Omar Tent No. 9, White Shrine of Jerusalem, with Mrs. James Wyvell and Mrs. Wm. McMillan as chairman in charge. A number of novel features of entertainment have been planned. The party begins at 8 o'clock and those who wish may mask.

RECEIVES CONGRATULATIONS

W. W. Hunt, 237 North Adams, recently appointed general foreman at the Glendale postoffice, was given the congratulations of his fellow workers at a surprise party at his home. About forty attended the affair Thursday night.

Harry Frasier, president of the local chapter of the National Association of Letter Carriers, presented Mr. Hunt with a token of appreciation from the members for the work he is doing.

During the evening the party was entertained by the singing and playing of Oscar Wright and A. C. Holcomb, and a duet by Mr. and Mrs. Newton Clark. A "spread" was furnished by the ladies' auxiliary of the association.

AT PROFESSIONAL READING

Dr. and Mrs. R. E. Chase of 239 North Orange street attended the professional reading of the new musical fantasy "Aphrodine" last night at the home of the author, Mrs. E. Magne Ingelton, in Los Angeles. The invitation was extended through the courtesy of Walter Hap, one of the largest

LOCUST CONTEST NOW UNDER WAY

Millions of Pesos Damage Is Caused by Pest Feeding on Island Crops

MANILA.—Four hundred municipal districts of various provinces of the Philippines were infested this year with huge swarms of locusts, which caused considerable damage to crops and threatened by another crop season to cut down production to the value of many millions of pesos.

War gases have been tried in vain on the places where they deposit their eggs, and sprays of crude petroleum or soap solution and arsenic poison mixed in molasses spread on sugar cane leaves or stalks have had little more than temporary effect.

In the hopper stage, before the locusts get wings, they are easily driven, like sheep. The law requires every man to go out on these drives at the call of the municipal authorities. Pits are dug and wings of galvanized iron sheets run out V-shaped from them. Men with sticks then surround the field where the locusts are feeding and drive them into the pits and bury them. Always a sufficient number escape to grow into maturity and lay more eggs than ever, so that even this method of fighting them avails little.

The entomologist at the bureau of science now proposes to fight them with natural enemies, either other insects that may be found to feed upon them or bacteria that will spread disease among them. Circulars are being sent out to planters and farmers asking them to report at once if pathological symptoms develop in locusts in their vicinity. If diseased locusts can be found it is proposed to spread the ailment as rapidly as possible in order to kill them all off.

When the females are heavy with eggs their flight is sluggish, and birds and other insects feed upon them. But if the females escape their enemies they alight on the ground and deposit eggs in thick and numerous clusters, and as many as a billion young may hatch from a single acre of ground where locusts have oviposited. The progeny of a single female is capable, within three generations, of devouring 750 pounds of green matter—sugar cane, rice, bamboo foliage, whatever comes in their path. The hoppers eat voraciously over a period of fifty-four days, when they develop wings and take flight, sometimes migrating twenty-five miles in a single day. Their flight is largely controlled by the prevailing winds—they do not make headway against the wind, and cross adjacent to their breeding places, in the pampas at the edge of forests, may escape them on this account altogether, while others fifty miles away will be destroyed.

Locusts are cannibalistic, in which fact lies the advantage of using arsenic to poison their forage. Those dying of the poison

producers of New York and London, and who is planning to produce this new play in Los Angeles at the holiday season. Mrs. Chase enjoyed renewing her acquaintance with Mr. Hap, whom she knew in New York City. A reception followed the play, during which delicious refreshments were served.

Other invited Glendale people present were Mr. and Mrs. E. Cleophas, Mrs. Gertrude Cleophas, Mrs. Mabel Franklin Ocker, and Mr. and Mrs. C. H. Swartz.

BUYS LOTS HERE

William A. Gottschalk, a furniture manufacturer of Los Angeles, is reported to have purchased through the Advance Realty company, 210 East Broadway, 12 lots bordering on Chestnut, Maple and Everett streets. He will begin at once the erection of 12 modern bungalows, it is announced.

Before investing in Glendale, Mr. Gottschalk is said to have made an investigation as to the future possibilities of various cities and from his observations picked Glendale as a "winner."

NEW FIRM COMES HERE

A real estate firm under the name of Allback & Schroeder is to open an office November 1 at 700 South Brand boulevard. Members of the firm came to Glendale from Colorado and have been engaged in the realty business at 112-A East Broadway.

JOINS REALTY FORCE

N. H. Kernehan, a real estate man from Detroit, Mich., and having a great deal of experience in that work, has just joined the sales force of the Advance Realty company of 310 East Broadway.

BENEFIT DANCE TONIGHT

A benefit dance is being given for the Los Angeles fire department tonight in the pavilion at Verdugo park. The affair is in charge of Contractor C. W. Pool of La Crescenta.

PLAN HALLOWEEN DANCE

Halloween will be properly celebrated by the members of the city hall family Monday night with a masquerade dance in American Legion hall. It is understood that Old Man Hollow will be the guest of honor, and all of his goblins will be there.

will be eaten by their companions and these will die and be eaten by others, and so on three or four times until the effects of the poison are too attenuated to kill. Gases are of little avail against locusts, because their breathing organs are more like boiler tubes than ordinary lungs, and gases, unless very concentrated, have no effect upon them. It was proposed to have the cargo of war gases that the Washington conference stopped at Honolulu sent on to the Philippines to use against the locusts until experiments at the bureau of science convinced the authorities that practical use of the gases in this work was not possible. All hope centers in natural enemies.

Canada Is Enjoying Big Building Boom

OTTAWA, Ont.—Canada is experiencing a building boom. Figures for the first six months of the year show a volume of construction unequalled in any year since 1914.

Building permits had an aggregate value of \$132,452,000 for the first six months, as compared with \$111,763,500 in the first half of 1921. Ontario accounted for \$74,586,900, Quebec \$11,291,200, maritime provinces \$5,521,700, and the western provinces \$21,049,200.

Of the total, \$53,435,300 was invested in residences, \$39,680,900 in business buildings, \$10,050,700 in industrial construction, and \$29,305,100 in engineering construction. Compared with last year building in Ontario has doubled and Toronto has led all Canadian cities in work of this kind.

PEACE AT ANY PRICE

When the late Gen. Horace Porter was manager of the Pullman company an army officer wrote him saying that the Pullman car that had carried him from Jersey City to Long Branch had not been properly swept and dusted.

Gen. Porter waste-basketed the letter; also the second, third and the fourth. But the fifth was so violent that Gen. Porter dictated the following reply:

YALE AND ARMY MEET

NEW HAVEN, Conn., Oct. 28.—Twenty-six thousand persons are witnessing the Yale and Army football clash this afternoon. The score at the end of the first quarter is 0 to 0.

Golden Crest Coffee is finest in the world, 50c lb. at Japan Art & Tea Co.—Advertisement. 10-26 10-27, 10-28.

Social Events

GIRL SCOUTS GIVE PARTY

Mysticisms and eerie creatures and spooky decorations were much in evidence at the Halloween party given last night at 108 South Brand boulevard by the members of Troop No. 2 of the Girl Scouts, of which Miss Vera Sinclair is captain, and attended by seventy-five members and friends of this organization, in costume and masked. A huge yellow pumpkin had been constructed around the center ceiling light and on this were perched black cats. The hall was lined with corn husks from which peered black cats and with bats and owls much in evidence.

Spooks, skeletons and witches were also popular motifs of the decorative scheme. In one corner was a very cleverly arranged witches' cauldron, under which a red light suggested fire. From this was served ice cold punch during the evening. It was here that Mrs. C. J. Lettis, second lieutenant of the troop, presided in witch's costume of black, with peaked hat, grey wig and cane. Mrs. Fred Roberts, first lieutenant of the troop, also wore a black costume and skeleton mask. Shrieks of excitement and merriment were created when spiders, bugs, etc., which had been arranged on invisible strings, were dropped from the ceiling. The decorations were in charge of Miss Sinclair, Mr. and Mrs. Fred Roberts, Mrs. C. J. Lettis, and the Halloween season was most thoroughly evidenced in the clever decorative scheme.

During the evening Mr. Roberts, certain with several tricks of legerdemain. To secure the numbers whereby the young folks found their fortunes arranged around the room a large wheel was spun. The grand march was led by Mr. and Mrs. C. L. Lettis, music for dancing being furnished by Marian Jones, piano and skeleton mask.

Patrons and patronesses for the occasion included Mr. and Mrs. Fred Roberts, Mr. and Mrs. C. J. Lettis, Mr. and Mrs. R. C. Horner, Mr. and Mrs. Howard Walker, Mrs. Cribbs and Mrs. R. S. Todd. At a late hour refreshments of orange and black ice cream, cake and candies were served.

ENTERTAIN IN NEW HOME

Friday night Miss Marian Keith entertained about thirty-six guests and her sister, Miss Ruth, a group of her school friends in their lovely new home at the corner of Altura and Los Angeles streets, La Crescenta.

The party was a Halloween affair with candy, apples, marshmallows, etc. The ice cream and individual cakes were in the Halloween colors. Favors of caps and horseshoes were given.

READING CIRCLE MEETING

The members of the reading circle of the Women's Foreign Missionary Society of the First Methodist church were entertained Thursday by Mrs. Helen Knappen Scripps, 1310 1/2 North Wood street. "India's Heritage" was the subject of the afternoon. Mrs. S. B. Warner was the leader and the twenty members present joined in the discussion. A delightful social hour followed. Mrs. Scripps serving "ceremonial tea," including rice cakes and tarts.

STUNT PARTY IS ENJOYED

The members and guests of the music section of the Tuesday afternoon club, of which Mrs. Warren Roberts is curator, enjoyed a most novel entertainment—a stunt party—of which Mrs. Virginia Freeman was the leader, on

CERTIFICATE OF BUSINESS

Barton, deceased, and for the issuance of letters testamentary to her, Eva C. Barton, will be heard at 10 o'clock a. m. on the 13th day of November, 1922, at the Court Room of Department 2 of the Superior Court of the State of California, in and for the County of Los Angeles.

Dated October 18th, 1922.
L. E. LAMPTON, County Clerk.
By H. H. DOYLE, Deputy.

Owen C. Emery, attorney for petitioner. Oct. 19-11x
Golden Crest Coffee is finest in the world, 50c lb. at Japan Art & Tea Co.—Advertisement. 10-26 10-27, 10-28.

Friday afternoon, October 27, at the home of Mrs. Frank Arnold, 215 East Loma avenue. After a short business session, Mrs. Freeman, with rhyming introduction, announced the program, as follows:

"A Kitchen Symphony," composed of Mrs. Frank Weller, leader, Mrs. Edith Arnold, Mrs. G. D. Roach, Mrs. Alexander Mitchell, Mrs. John Cole and Mrs. Warren Roberts, all in kitchen aprons, and the instruments were those used each day in the average household. This group gave two selections.

The program also included a vocal selection, "Three Little Chestnuts," by Mrs. John W. Cotton; original reading, "The Family Bitter," by Mrs. Chas. F. Meadows; vocal solo by Mrs. C. L. Verick; reading, "Little Orphan Annie," in costume, by Mrs. Owen Emery; duet, "Reuben and Rachel," in costume, by Mrs. William MacMullin and Mrs. Harry MacMullin; humorous selection, in costume, by Mrs. Calvin Whiting; "Good Father," by Mrs. Charles A. Parker; vocal solo, "I Have Lost My Doll," in costume, by Mrs. A. M. Draper; funny stories, by Mrs. Freeman McG. Kelley; original poem, "The Music Section," by Miss Eva Daniels. The accompanists for the afternoon were Mrs. Charles A. Parker, Mrs. Roberta Young, Mrs. Alexander Mitchell and Mrs. R. A. Puffer, Sr.

Mrs. Virginia Freeman was attired in a gorgeous oriental costume, which lent color to the program. The house was profusely decorated with flowers. Mrs. Arnold was assisted in serving by Mrs. G. D. Roach, Mrs. R. A. Puffer, Sr., and Mrs. R. A. Puffer, Jr.

AT WEDDING ANNIVERSARY

Mr. and Mrs. E. V. Jellison of 1234 South Boynton, their guests, Miss Stella Spangenberg of Ogdenville, and Mrs. H. E. Farr and daughter, Mary Lou, of West Broadway, motored to Inglewood Wednesday night to attend the celebration of the fiftieth wedding anniversary of Mr. and Mrs. Millard Pittinger.

The company was composed of old friends from all parts of southern California and the Pittingers were the recipients of many gifts.

ENTERTAINS FOR DAUGHTER

Mrs. J. Paul Harvill of 432 West Lexington drive entertained with a very delightful Halloween party for her little daughter, Virginia, at her home, Friday night. The house was decorated with bats, owls, black cats, witches and pumpkins. After many Halloween games had been enjoyed, refreshments were served. The table was very attractive with a Jack-o'-lantern centerpiece, individual baskets filled with candy, apples, marshmallows, etc. The ice cream and individual cakes were in the Halloween colors. Favors of caps and horseshoes were given.

The big surprise of the evening was the entrance of a witch, impersonated by Miss Dola Radcliffe. Those present were Helen Kennedy, Maria De Lauro, Maxine Ungeheuer, Virginia Harvill, Charles Blake, Billy Kennedy, Buddie Blake, Russell and Louis Hayward. Mrs. Harvill was assisted in entertaining by her mother, Mrs. C. B. Brooks, and Miss Dola Radcliffe.

HALLOWEEN BRIDGE PARTY

Mr. and Mrs. W. F. Macpherson of 464 Patterson avenue entertained with a Halloween bridge party at their home last night. Their guests included Mr. and Mrs. G. G. Blue, Mr. and Mrs. Hugh Blue, Mr. and Mrs. D. W. Porter, Mr. and Mrs. Herbert Balthus of Riverside, Mr. and Mrs. T. Meddick, Mr. and Mrs. Julian Hayward, Mr. and Mrs. Ben Sheppard and the host and hostess. First prizes for high score were awarded to Mrs. Balthus and G. G. Blue.

Glendale Personals

Miss Betty Fell of Verdugo Woodlands is a guest at the football game in Pasadena today of Miss Sarah Chandler, also of Verdugo Woodlands.

Mr. and Mrs. Wade Love of 521 West Pioneer drive had as their guests Tuesday Mr. and Mrs. George Schaefer of Lang, who were down to visit the U. S. land office at Los Angeles, relative to proving up on government land near Lang.

CERTIFICATE OF BUSINESS

Fictitious Firm Name
The undersigned do hereby certify that they are conducting a General Automobile Sales & Service Station business at 215-217 E. San Fernando Road, Burbank, California, under the fictitious firm name of GEORGE T. SMITH COMPANY, and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

George T. Smith, 427 South Columbus, Glendale, Calif.
D. D. MacDonald, 420 West Dryden, Glendale, Calif.
Witness our hands this 4th day of October, 1922.

D. D. MacDonald, D. T. Smith, State of California, County of Los Angeles, ss.

On this 4th day of October, in the year nineteen hundred and twenty-two, before me, James F. McBrayde, a Notary Public in and for said County, residing therein, duly commissioned and sworn, personally appeared George T. Smith and D. D. MacDonald, known to me to be the persons whose names are subscribed to the within instrument, and acknowledged to me that they executed the same.

Witness my hand and official seal. JAMES F. McBRAYDE,
Notary Public in and for said County and State of California.

James F. McBrayde, Attorney for Partnership, 111 E. Broadway, Glendale, Calif.

More than 1300 successful artesian wells have been drilled in the Philippines since the first one was sunk in an experimental way eighteen years ago.

IF Everyone Knew— Everyone Would Do

Their Family Wash the Glendale Laundry Way

If the women of Glendale and the vicinity realized the advantages of our Family Wash Service, every one of them would insist upon having their clothes washed this way—especially in winter, when weather and washerwomen seem equally unreliable.

Glendale Laundry Service is, first of all, convenient. All you have to do is phone us once and have your name put on our list of regular customers, and thereafter give your bundle to the driver each week.

Glendale Laundry Service is 100% reliable. Just as regularly as a new week arrives, our truck arrives at your door. And on the appointed day each week your clothes are returned, exquisitely clean and sweet-smelling, carefully pressed and folded, ready for use. The high character of our work never varies.

THEATRES

The Glendale The T. D. & L.

Viola Dana in "Glass Houses" and a five-act vaudeville program complete the week today at the Glendale theatre. The picture is a drama of crooks, cooks and woman's looks, while the vaudeville is up to the usual splendid standard of all programs of its kind presented at the theatre. "My Old Kentucky Home," the biggest racing melodrama ever produced, comes to the Glendale theatre Sunday for a three-day run. It is a story of the souly southern sentiment of mother love. Monte Blue heads the cast as the son of a proud and haughty southern widow. He is released from a term in Sing Sing prison and his arrival home is the basis of the plot of an interesting story.

Deaths and Funerals

AMOS F. STOWE
One of the soldiers participating in Sherman's march to the sea, Amos F. Stowe, passed away shortly after midnight last night, Friday, October 27, 1922, at his home, 452 Pioneer drive, at the age of 76 years. During the Civil War he served in the Fourth Minnesota Infantry.

Mr. Stowe was born in Vermont June 28, 1846. He came to California 26 years ago and had resided in Glendale about a year. Mrs. Olive A. Stowe survives her husband. Children are: H. F. Stowe, Casagrande, Ariz.; Mrs. Olive Watkins, Littlerock, Calif.; Mrs. Flo Stanley, Campbell, Calif.; Mrs. Gladys Pratt and Mrs. Maud Cummings of Los Angeles.

Funeral services will be held at 2 o'clock Monday afternoon, October 30, 1922, in the Little Church of the Flowers under the direction of Pulliam, Kiefer & Eyerick.

MRS. CYNTHIA C. BAKER
Mrs. Cynthia C. Baker passed away at her home, 1005 North Main street, Long Beach, October 26, 1922, at the age of 56 years. She had resided in Glendale for a year before moving to Long Beach six months ago. Mrs. Baker is survived by a son and daughter, James M. Baker and

Abbie Corwin Hall passed away October 26, 1922, at the home of Mr. and Mrs. N. R. Faulkner, 1211 East Wilson avenue, at the age of 60 years. She had come to Glendale by automobile about a week ago with Mr. and Mrs. Faulkner and was taken ill. Mrs. Hall leaves a husband, David B. Hall, and other relatives in the east. She was a member of the Erlson chapter, Order of the Eastern Star, of Glenwood Springs, Colo. Funeral services are being held at 3 o'clock this afternoon at the parlors of the Jewel City Undertaking company, Interment at Forest Lawn.

CHRYSANTEMUMS!

—are here in abundance, and they fit in admirably for many purposes. You can find here a most beautiful assortment priced very moderately. Remember, we are cut flower headquarters in Glendale. A specialty of floral designs.

AUTOMOBILE SECTION

\$2,071,000 CAR THEFTS IN L. A.

Eastern Gangsters Said to Be Operating, and Many Automobiles Gone

With \$2,071,000 in automobiles stolen in Los Angeles so far this year, all records for the activities of auto thieves in that city have been shattered.

According to a report issued by the theft bureau of the Automobile Club of Southern California, the "winter rush" on the theft of motor cars for southern California has started.

This means say club detectives, that auto thieves who have been operating in the east during the summer have transferred their activities to the coast for the winter, and that Los Angeles is their general objective.

An average of thirteen cars a day are being stolen in Los Angeles. These cars, it is reported, are selected largely from the more expensive types, and it is believed that they are being driven to adjacent states for marketing.

There have been 2071 cars stolen in Los Angeles this year, up to the present time. This exceeds the record of last year, to date, which was 1993. Auto club detectives place a minimum average valuation of \$1000 on each car stolen, although it is said that this is probably low.

A gang of auto thieves is now operating with success in obtaining cars stored in public garages. A member of this gang appears at a garage and represents himself as a "new chauffeur" for the owner of a stored car, and thus obtains the car. Sometimes a member of the gang will telephone the garage, representing himself as being the owner, and telling the garage employees to allow the car to go out with the "new driver." The theft of two automobiles, one valued at \$4500 and the other at \$5500, has been effected in this manner during the last six days.

Unnecessary Habit

Slamming of doors on a car is a practice which should be avoided at all times. Persistent slamming racks the hinges and loosens the doors until they become wobbly and hang loosely.

Black and White Auto License Plates for 1923

SACRAMENTO, Oct. 28.—The 1923 automobile license plates adopted by the state motor vehicle department will be black and white, according to an announcement by Charles G. Chenu, director of the department. The design of the 1923 plates will call for white numbers on a black field. The numbers will be separated with the designation—Cal. 23—between them. The separation of the number with the state and year designation is original with Chenu, who believes it will prove popular with the motorists.

DANGEROUS WORK FOR AUTO RACER

Tommy Milton Says 125 Miles an Hour Too Fast for Driver's Safety

When Tommy Milton drives his Leach Special around a track at the rate of 125 miles an hour, he gets a "kick" out of it, but at the same time he realizes the danger he is in.

"If I should blow a tire, there is no question but that I would 'take off.' At this tremendous speed, it would be impossible for me to control my car should anything happen. I would go over the top of the track. There is no question about that.

"Yet at the time, I rather like the experience of turning the track this way. Still, it would satisfy me just as much if the averages weren't so high.

"Why do I do it? Well, this is my business. I'm in it and I have to go just as fast as the other fellow to have any chance with him. So far, I have been lucky and I hope that I'll continue that way."

SMALL CARS ARE RACE FAVORITES

Jimmy Murphy Gives Reasons Why He Would Like to See 122-In. Cars

Jimmy Murphy is more than confident that the 122-cubic inch race cars that will be adopted for the Memorial Day race at Indianapolis next year will be far better than those in use at the present time. San Francisco's champion is more than satisfied with the idea of having only the driver out there on the track battling it out with other stars of the realm of speed.

"The machines will be nearly as fast as those of the present day," he says. "But being smaller, lighter and more scientifically streamlined they will be much easier to handle.

"The mechanic can very easily be done away with. An automatic air pump for the purposes of keeping the pressure up on the gasoline tank will be installed, and a mirror placed on the cowl directly in front of the driver will make it an easy matter for him to see who is behind. As for watching the tires, well, I usually always look around at all of them myself during a race and the majority of the others do the same. So this will be nothing new.

"I believe that these new cars will be a step forward in the history of automobile racing."

New Canadian Plants

General Motors corporation is concentrating manufacture of many export models at its Oshawa plant and Ford of Canada is beginning construction of an immense plant, adjacent to present factory. A pioneer British auto concern is about to establish a branch plant in Canada, practically all plants to date being run with American capital. In 1921, 15,620 passenger automobiles valued at \$11,276,268 and 4,290 trucks valued at \$2,602,853 were exported. Great Britain is the greatest market where Canada receives benefit of many preferential tariffs.

Stop Fire With Sand

Sand or salt is much better than water to extinguish burning oil or gasoline.

AUTO CLUB BUSY WITH SIGNPOSTS

Careless Motorists Blamed for Re-Signing Work; Parties Shoot Signs

Thousands of new signposts for the guidance of motorists over roads both in southern California and leading to the state of California are now being placed by the Automobile Club of Southern California, according to a report just issued.

The resigning of the Lincoln Highway and the National Old Trails Road (Santa Fe Trail) has been completed by the Southern California club.

Practically all new signs have been placed on 2000 miles of the National Old Trails route leading west from Kansas City. On the Lincoln Highway, about 40 per cent of the signs have been replaced. This replacement work is made necessary to a large extent by the vandalism of motorists in shooting-up the metal signs.

A complete resigning of the Owens Valley route and the great Midland Trail is now under way as far as Bishop and into Keeler, Ballarat.

New signs are being placed from Ballarat to Randsburg, Barstow, Silver Lake, Needles, Parker Cadiz and Stoddard Well into Victorville.

On the Tehachapi route, motorists of the southern and central counties are assured of brand new signposts in the near future, as the Auto club trucks are now working in that district also. This work includes the resigning of the Antelope Valley, Arbin, Weed Patch and Cummings.

Important work is now under way on the resigning of the road between Socorro and El Paso and the resigning of the great Bankhead transcontinental route from El Paso into California by way of San Diego.

Another appeal has just been made by the Auto club to travelers to refrain from taking potshots at signposts which are erected for the guidance of motorists.

RAPID INCREASE IN NUMBER CARS

Registration Records in State Expected Broken This Year, Is Report

All motor car registration records for the United States will be broken by California this year, according to a report just issued by the Automobile Club of Southern California.

There are approximately 837,000 autos registered in the state at the present time, the majority of which are in the southern and central counties.

On January 1, the state of New York had registered only 812,037. The increase of cars registered this year in California over the registration of last year and the year preceding is about thirty per cent, which is greater than that ever achieved by any state in America.

Expect Second Place According to automobile club officials, there is every indication that auto registrations in California this year will bring the state up to second place, with a possibility of ranking first in the number of automobiles in use here.

Last year California was led by New York, Ohio and Pennsylvania, but from the rapid increase of cars here it is likely, says the club, that California will lead both Ohio and Pennsylvania.

At the end of last year there were only 673,830 autos in the state. This year there are 163,362 more cars than that here. The increase for the entire year of 1921 was only 104,928, which shows, it is pointed out, the tremendous strides taken in the use of motor cars in California.

Southern California leads the entire state, says the Auto club, in the ownership of automobiles.

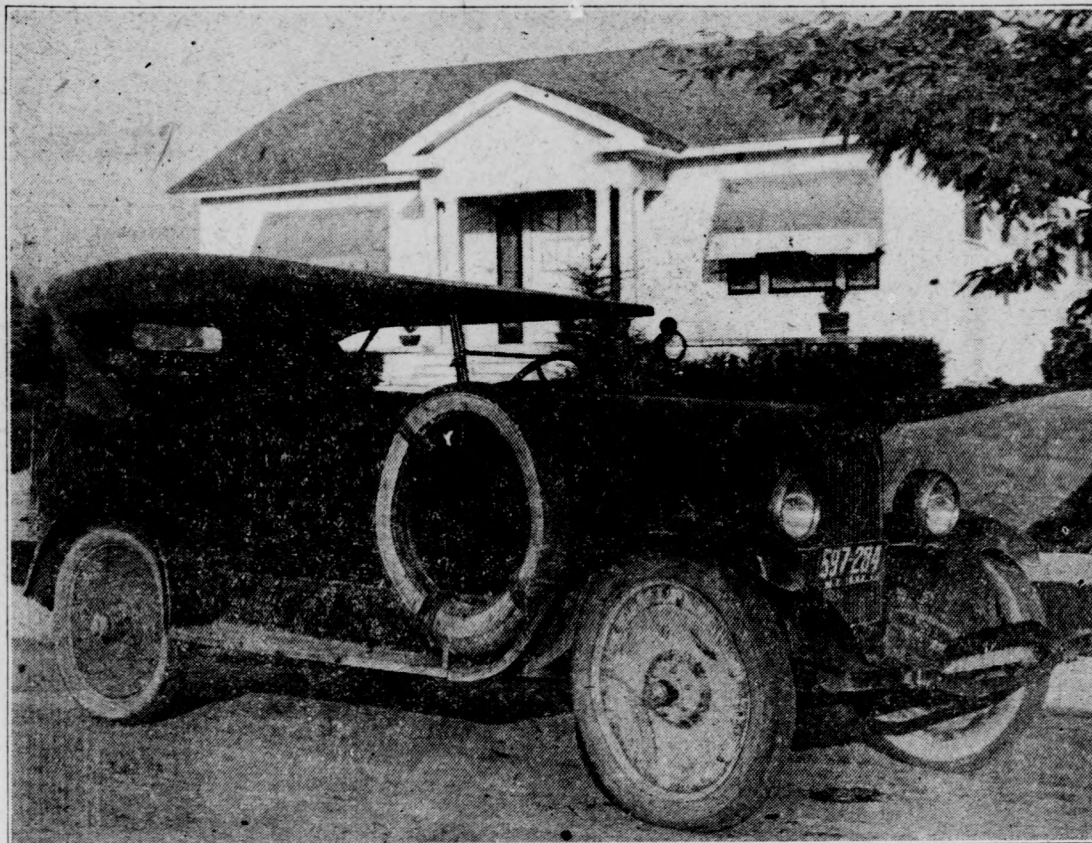

New Auto Plants

Both foreign and domestic capital is pouring into new automobile plants at various Canadian points. Replacement of Canadian automobiles requires 18,000 cars alone. Canada is second of the nations in per capita ownership, there being one car for every eighteen inhabitants. In 1920 invested capital in Canadian automobile plants was \$53,966,506, and production was valued at \$101,465,846. There were also sixty-eight automobile supply plants valued at \$15,332,887 with annual production valued at \$19,361,882.

Starting Motor Abuses

A car, under any circumstances, should not be run on the starter, and the starting motor should never be used longer than thirty seconds at a time.

Maxwell Car, Driven by William Gast of Glendale, Makes Unusual Run From New York City, Via Canada, Averaging Big Mileage, Small Total for Repairs—and After It Has Traveled 14,000 Miles

This Maxwell car, purchased second-hand after being driven 14,000 miles, was driven by William Gast, 506 West Elk, Glendale, from New York City, by way of Catskill mountains and Canada, with the result that some new records for transcontinental travelers to shoot at have been established. The picture was made before the car was cleaned after the trip.

"We have had a great many Maxwell cars come through from the east lately," said Lyman P. Clark of the Glendale Motor Car company, 121 West Colorado street, "but William Gast of 506 West Elk street, who has just driven a Maxwell car through from New York City, by way of the Catskill mountains and Canada, has set up some new records for transcontinental travelers to shoot at.

"Mr. Gast spent the summer in the east and when he decided to come back to California, he looked around New York for a used 1922 Maxwell, hoping to save some of

the depreciation on a new car by purchasing one that had been used. After two weeks search, he found only two used 1922 Maxwell cars in New York City that were for sale—one had been damaged in a collision with a railway train and the other had been confiscated by the government as a rum runner—he paid \$850 for the latter at a United States marshal's sale. This car had been driven 14,000 miles and had never had any care of any kind.

"Mr. Gast drove the car up into Canada, then down through Minnesota to Kansas City and covered a total of 4100 miles in eighteen

days. The last 2000 miles was covered at an average of 200 miles per day, using ninety-five gallons of gasoline, eleven quarts of oil and with a total cost of repair of all kinds of 75 cents. The car also has two of its original tires," concluded Mr. Clark.

"I have driven a good many makes of cars," said Mr. Gast, "but never took much interest in the Maxwell until I saw the great number of them on the streets in New York City, and after talking with a number of Maxwell owners, decided that it was the car I wanted to drive to California. It is the best car I have ever owned," concluded Mr. Gast.

Autos Cause Strike

Six hundred miners in Herrin, Ill., went on strike recently, following refusal of company officials to allow some of the men, who ride to work in automobiles, to park their cars inside of a fence which inclosed the mine.

Walk on Left Side

Teach pedestrians to walk on the left side of a road, when using the country highway at night, advises a salesmanager. This precaution would save thousands of accidents both to the people who walk and to those who ride and drive.

FASCINATION IN SPEEDWAY SPORT

That's What Makes Drivers Forget Danger in Love for Engine Roar

What is there about the speedway sport that draws the finest of our American manhood to it, makes them risk their lives for the fickle goddess of Chance and makes them continue in their mad battle for honors when one of their dearest friends goes "over the top," generally never to come back again? This is a question which puzzles many a person whenever there is an accident or a fatality.

The answer to it is a hard one. Perhaps the only answer is, "fascination." There is something about this perilous sport that draws one to it; there is something, an indefinable something, about this game in which the roar of the eight cylinder motors is music to the ears of those who understand; there is something, one knows not what it is, that brings the blood pulsing through the veins as these roaring monsters piloted by human brains and muscle hurtle past the stands with deep-throated roars.

Are Real Sportsmen

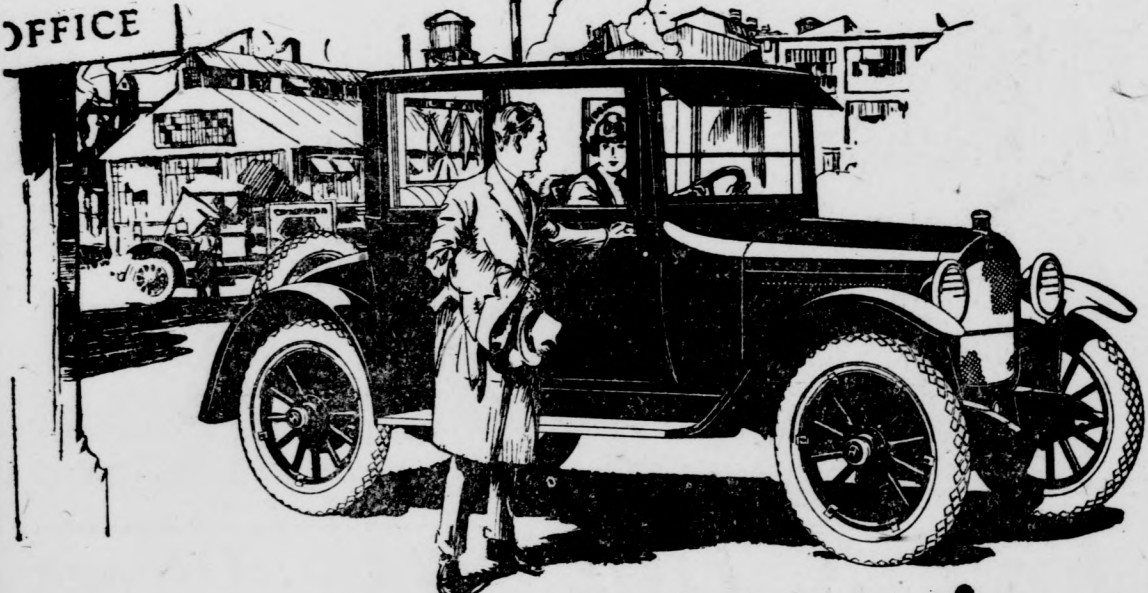

Those young fellows out on the track, risking the one thing which they cannot get back if they lose it, are sportsmen of the highest caliber. Each and every one of them is there to win but to win by the fairest of means. Yet victory is fickle. She may smile on one of the racers from the start until but two or three laps remain. Then with a toss of her head she may turn her attentions to an opponent. These drivers know that and they take a defeat philosophically. They pass it off with the thought of "better luck next time." And so it goes.

It is not the money that keeps the men in this sport. In fact most of them could do better in other lines of work. Yet they stay and race, win and lose as the time goes on, face death with a smile if necessary but never think of quitting.

Consequently, can it be any wonder that automobile racing continues despite the fact that many of its best subjects sacrifice themselves on the altar of the goddess that smiles one minute and mocks the next?

Remove Your Battery

When a car is stored for any length of time, disconnect the electrical cables and remove the storage battery.

Extremes Meet In the Hupmobile

Men who can afford only one car,—and who demand in that car the most pronounced economy—are among the most enthusiastic owners of the Hupmobile.

Others who can gratify any desire, prefer the Hupmobile because of its dashing appearance and its brilliant, reliable performance.

Both are right. The Hup-

mobile costs less to keep and to operate than many cars whose first-appeal is price.

Everyone admires the Hupmobile's fast, easy get away, its remarkable flexibility, its power.

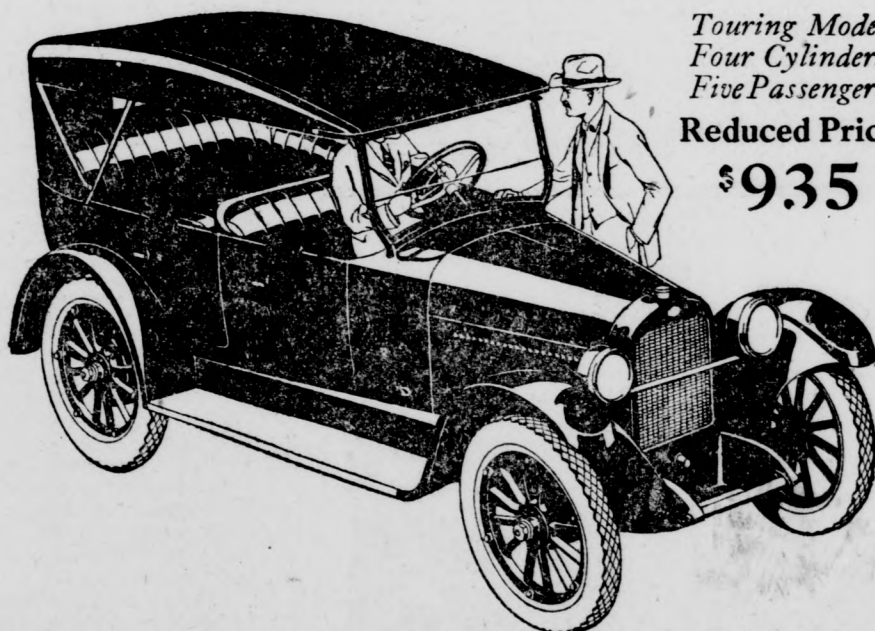

When you desire the maximum in motor car service with the minimum in motor car cost, the known facts lead you straight to the Hupmobile.

State Makes Great Showing In Incomes

California corporations and individuals reported more income, and paid federal tax on it in 1921, than the combined income reported by the other twelve big western states, according to a survey completed yesterday by Collector Rex Goodell. These states embrace an empire of 1,181,000 square miles of land as against California's area of 158,300 square miles.

"These figures seem unbelievable, but they are correct," Goodell declared.

California reported net corporate income of \$233,000,000. This amount is greater than the combined total of \$278,000,000 reported by the twelve western states of Arizona, Colorado, Idaho, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington and Wyoming.

The combined population of these states is 7,414,700 while that of California is 3,426,536, using the 1920 census.

In net personal income California reported \$1,329,000,000 as against a combined total of \$1,309,000,000 reported by Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington and Wyoming.

Gross income of \$3,227,000,000 returned by California corporations exceeded the combined total of \$3,223,000,000 reported by Arizona, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington, Wyoming and Colorado.

California corporations paid an income tax of \$59,574,000 which

California Leads

California has the greatest number of automobiles in proportion to its population, having a car for a little more than every five persons in the state. Mississippi has the fewest machines in proportion to population, with only one car for each twenty-seven and one-half inhabitants.

Clean Running Board

Soap and water will remove dirt and grease from the running board, but a clean rag saturated with kerosene will make the surface appear as new.

was greater than the combined tax of \$51,317,000 paid by thirteen big western states: Arizona, Idaho, Colorado, Nebraska, Montana, Nevada, New Mexico, North Dakota, South Dakota, Oregon, Utah, Washington and Wyoming.

Personal income tax of \$50,447,000 was paid by California as against the combined total of \$50,600,000 paid by fourteen western states: Arizona, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington, Wyoming, Colorado, Nebraska and Kansas.

California's total gross corporate and personal income reported was \$4,556,000,000 which was greater than the combined amount reported by the group of western states.

In addition to gross corporate and personal income of \$4,556,000,000 reported in California, \$919,000,000 of gross income was reported by corporations with no net income, making a grand total of \$5,475,000,000 of gross corporate and personal net income reported in this state.

CHEVROLET PLANS OUTPUT INCREASE

Company Is Making Effort to Meet Big Demands for Popular Car

With building started on two new big production additions to the Chevrolet aggregation of plants, one at Buffalo, N. Y., and the other at Cincinnati, Ohio, William S. Knudsen, vice-president in charge of operations, announces that an output of more than 2000 Chevrolets will boost the present daily schedule by 800 cars within the next six months.

This came as extremely welcome news to C. L. Smith, the Glendale Chevrolet dealer, as he reports an almost overwhelming demand, which was beginning to give him considerable concern as to his ability to continue spot delivery tactics.

After the completion of the new production additions, Mr. Knudsen declared that the Chevrolet people will be able to turn out 2100 finished cars daily. He said:

"Our present daily output is 1300 cars per day. With 800 more added to this within six months we will be able to turn out 2100 finished cars every day, which we really can only hope will approximate the demand destined to strain even this productive volume according to present indications."

Henry Wilkens Case to Resume Monday

SAN FRANCISCO, Oct. 28.—No session was held today in the trial of Henry Wilkens for the murder of his wife.

On Monday the case will enter its fifth week with the state offering further rebuttal testimony. District Attorney Brady announced he would complete presentation of this evidence probably by noon Monday. The defense will require a full day for rebuttal testimony, Defense Counsel Murphy said.

Judge Ward declined to place a limit on the time for arguments, so the jury probably will not get the case before Wednesday.

SHOULD COMPARE BATTERY VALUES

Herman Psenner Tells Why Philadelphia Diamond Grid Is Popular

Long life, economy, trouble-saving and power-providing are the things that go to make the success of the Philadelphia Diamond Grid Battery, according to Herman Psenner, of Psenner Brothers at Brand boulevard and Chestnut street.

"In justice to your purse compare the lasting utility of the Philadelphia Diamond Grid battery with other makes," says Mr. Psenner.

The principal features of the construction of this battery are the diamond grid, the quarter-sawn hard wood separator and the Philco Retainer.

DEVELOPMENT IS THING OF BEAUTY

Careful Plans for Future Are Being Made on Tract in Verdugo Valley

One of the indications of a sounder judgment and surer taste in planning subdivisions is evidenced in the fact that in many cases a segregated business section is set aside beyond the limits of which no commercialism is allowed. This serves to protect the builders of fine homes from any aesthetic depreciation of their property, and prevents the "spotty" straggling appearance and lack of uniformity in most shopping centers.

"So anxious are we in our development plans of Sparr Heights," states Mr. Walters, the sales manager of the Francis-Barum-Walters Co., the owners and subdividers of that beautiful tract, "that we propose to exert the same supervision over the architecture of our business district at Montrose as we propose to exercise in connection with the building of the finest homes."

On Two Boulevards
"This business district will face upon two main boulevards over which tens of thousands pass weekly and we are especially desirous that it shall present a pleasing and artistic appearance. We have a board of architects and engineers composed of men of established reputation and long experience whose duty it will be to examine and pass upon not only the plans for all residences but upon those for business blocks as well."

We have decided to adopt the old English style of architecture for our buildings and all designs must conform to or be a modification of that style. We also propose to have a wide parkway in front of the stores with ornamental trees.

"Even sordid commercialism has at last begun to learn that beauty pays, and returns the most profit on any money investment that is made for the purpose of pleasing the aesthetic sense."

Valley of Beauty
"For scenic beauty the Verdugo Valley is unsurpassed in southern California and has a most diversified terrain. It is a virgin territory to work upon and we are looking ahead to what it will be years from now. We want something better in the business section than the old time higgledy-piggledy, hit or miss cluster of cheap store fronts and in so far as it is possible, we do not propose that the commercial area shall prove a jarring note in an otherwise harmonious whole."

"We are glad to say that those who have purchased business lots and propose to build are enthusiastically in sympathy with the idea and we are looking forward to the achievement of very pleasing results."

Attacks Mother and Steals Child, Claim

OKLAHOMA CITY, Okla., Oct. 28.—Believed to be on his way to Los Angeles with his 4-year-old daughter, Helen, whose custody he secured by overpowering his own mother, authorities of Los Angeles were notified today on the lookout for Lester Warlick, who left Jones City, near here, late yesterday afternoon, after the alleged choking of Mrs. J. G. Warlick into insensibility.

"I'll send him to the penitentiary if he is caught," J. G. Warlick, father of the man, said. "He had no right to the child, for I had adopted her two years ago when Lester was divorced from his wife in California."

Late yesterday, according to the story told by the Warlicks, Lester came home and demanded his child. Mr. Warlick refused. In a fit of violent rage, the mother declared the son grappled with her and tore the child from her arms, leaving her unconscious. Young Warlick left the scene in a touring car.

Employment Better

Comparing the increase and decrease of employment of twelve of the leading industries of the country, the Bureau of Labor statistics in a recent report shows that eight showed increases and four decreases in June as compared to a year ago.

The automotive industry shows an increase of 21.2 per cent in June, 1922, as compared with June, 1921.

Handles operated with a rowing motion propel a novel French vehicle carrying one person.

PRICE REVISION MADE ON FORDS

Edsel B. Ford Tells About Reductions; Influx of Orders In Glendale

According to a statement just issued by Edsel B. Ford, president of the Ford Motor company, a general reduction of \$50 a car has been made in the prices of Ford model T cars and the Ford station truck, effective October 17.

"The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company has enjoyed during the present year, and also to the fact that we now own and operate many of our own sources of raw material."

"Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5000 cars and trucks, which means a complete Ford car or truck every five and one-half seconds of each eight-hour working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality."

Steady Increase
"Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which come as a result of increased volume."

Transfers of Service

Transfer of light and water service has been requested by the following residents and orders are now on file in the public service department of the city hall:

S. Gilkinson, 328 El Bonita avenue, 548 Oak street; H. G. Preston, 215 South Pacific avenue, 312 West Colorado street; H. O. Neill, 1124 East California avenue, 1253 Poinsetta avenue, Hollywood; Glen Stark, 422 West Harvard street, 907 North Central avenue; F. M. Dawson, 1002 San Rafael road, 1142 East California avenue; Mrs. Minnie McDonald, 623 1/2 East Broadway, 603 East Broadway; M. A. Doss, 120 North Adams street, 112 North Adams street; O. H. Lay, 548 Oak street, 505 Porter street; J. B. Fitzpatrick, 812 East Colorado street, 922 North Madison avenue, Los Angeles; B. L. Cline, 1042 San Rafael road, 124 North Orange street; D. C. Bear, 213 1/2 East Lomita avenue, 410 West Park avenue; W. S. Bear, 213 1/2 East Lomita avenue, 220 North Central avenue.

Moore, 700 North Central avenue; Henry Rasmus, 315 North Jackson street; D. C. Bear, 410 West Park avenue.

Order Martial Law Through All Italy

ROME, Oct. 28.—A proclamation of martial law throughout all Italy was issued today, effective at noon. This drastic step was taken in anticipation of warfare between an army of Fascisti, which was reported marching upon Rome, and regular troops guarding the city.

The whole kingdom was in a state of siege this afternoon with the military authorities controlling railways, telegraph and public administration.

At Florence the Fascisti seized the postoffice building, despite efforts of regular troops and carabinieri to protect it.

The Seimna barracks have been taken over by the Fascisti.

Members of the Fascisti are concentrating at Pisa, Pistoja and Leghorn.

Fighting has broken out north of this city. Four members of the Fascisti were killed in fighting at Cremona.

The Fascisti are reported to have seized several towns.

Communication with the north has been interrupted in some places, indicating that clashes were taking place in those zones. The government has issued a proclamation (in addition to the one declaring martial law) saying the military branch of the government must be prepared to defend the state.

A NEW LOW PRICE

SPECIAL-SIX TOURING

WHEREVER you look, you will find protection against hard wear built into the Studebaker Special-Six and this quality of construction is just as exacting down under the surface as it is where you can see every detail.

The skillful workmanship and the fine materials of these hidden values are largely responsible for its long-lived dependable service.

Two important elements that make the Special-Six notable for fine performance and comparative freedom from repair, are the four-bearing crankshaft and the seven-inch frame with its five cross-members and sub-frame support-

ing the motor and the separate transmission.

The new price, \$1525 is the lowest for which the Special-Six Touring Car ever sold—and the quality is better than ever.

Price does not always determine value, but in the case of Studebaker it establishes the finest values in the market. The name Studebaker on your car insures satisfaction.

Come in or phone and let us give you a demonstration in the Special-Six. Drive it yourself. A ride will help you make up your mind. In public confidence and respect, the name Studebaker stands higher than ever.

NEW NASH SEDAN NOW ON DISPLAY

Five Passenger Model Is
Receiving Favorable Com-
ment In Glendale

The new six-cylinder five-passenger Nash sedan is now on display in Glendale for the first time, at the Glendale Nash Sales, 112 South Maryland. The five-passenger sedan, which is a recent addition to the Nash line, is receiving quite a bit of favorable comment from the motoring public, according to E. B. Sutton.

The new model is equipped with a heater in the back, insuring comfort in all kinds of weather, cowl ventilation and numerous other improvements that are expected to make this a most popular model.

A new roadster is also being distributed in Glendale by the Glendale Nash Sales. The new roadster is of maroon color, having a Burbank top, Spanish leather upholstery and red wheels. It is the same roadster model as has been sold recently, with the exception of the changes mentioned and a number of other distinctive added features. The price remains the same, it is announced.

Among the Nash cars recently delivered are the following: B. F. Cook, the first of the new roadsters; Mrs. Helen Tobias, touring; Mrs. Alice Draper, sport model; W. G. Parish, Burbank, seven-passenger sedan.

OVERLAND AUTOS USED IN MOVIES

Cameramen Favor That Car
Says Alvin Wyckoff to
Local Representative

That the cameraman in the motion picture industry favors the Overland automobile is just another Overland argument, in the opinion of H. C. Kennedy, with Geo. T. Smith, Glendale Overland and Willys-Knight dealers.

Mr. Kennedy is a personal friend of Alvin Wyckoff, one of the Paramount picture directors, who is an enthusiastic Overland booster.

Fast scenes, which demand a lot of action spread over a wide territory, call for the cameraman to be mounted with his trusty film grinder upon the back of a dependable steed which can produce some speed without any tipping or joggling.

Mr. Wyckoff said this was a serious problem with him until he gave the little Overland touring car a tryout, and now he never has any trouble with being jarred out of focus during an important "take" because he always uses an Overland for this kind of work.

"The reason is simple," says Mr. Kennedy, "three-point suspension, an exclusive feature of the Overland, makes for the smoothest riding over all conditions of road surface, be it paved highway or cross-country."

ENCLOSED TYPES OF CAR POPULAR

Hupmobile Dealers Report-
ing Big Demand for Se-
dans and Coupes

The volume production of closed cars has brought prices on this type of automobile in some instances down to the range of open touring cars a year ago, and as a result are in great demand now, dealers say.

In speaking on the subject the other day, James H. French, of Bartlett & French, local Hupmobile dealers, said:

"Do you remember when the automobile with top laid back more or less neatly enclosed in a cover, was one of the commonest sights on streets and highways? In pretty weather there were far more cars with tops down than up."

"Today, despite the fact that 'one-man tops' are far more easy to handle than the old contraptions, the majority of motorists, never lay the tops back."

"The permanent protection has been found so agreeable that the drift of demand for the permanently enclosed types has increased beyond all anticipation."

"The sedan and coupe market of today bids fair to equal that of the touring car."

The Hupmobile closed cars, which are proving popular in Glendale are: Hupmobile roadster-coupe, Hupmobile five-passenger sedan and Hupmobile four-passenger coupe.

Seek More Signs

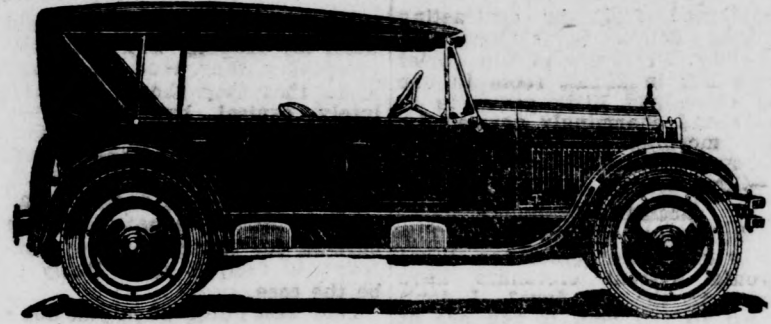

WASHINGTON, Oct. 28.—A movement to have signs established just outside of all incorporated cities or towns, and at as many points as might be proper in connection with the larger cities, advising travelers by highway just what the city or town is, and possibly giving some little additional material information, will be revived at the next session of congress.

"Pick your own speed, but watch your step," is the new slogan in England, according to word received here. It is reported in London that all speed laws are about to be abolished but dangerous driving will be more severely penalized than before.

STUDEBAKERS IN LONG TEST TRIP

Ten Big Sixes Driven Over
50,000 Miles Each Make
Interesting Run

Donald C. Packer, of the Packer Auto company, Studebaker agency on South Brand boulevard, is relating experiences of a 240-mile reliability and economy run Monday and Tuesday of this week, when ten Studebaker big sixes journeyed from Los Angeles to Big Bear valley and Arrowhead lake with a view to establishing records that would be of local and national Studebaker importance.

The cars making the trip were run on a detailed schedule, and were manned by thirty men, Mr. Packer being one of the official observers. All cars entered were Studebaker big sixes, and have been driven at least 50,000 miles. One car entered was one originally sold by the Packer company and entered the run with a record of 70,000 miles.

Run 300,000 Miles
The car in which Mr. Packer made the trip had traveled 300,000 miles, making two trips every day from Los Angeles to Santa Barbara. According to Mr. Packer, its performance on the trip was perfect, in spite of the steep roads traversed.

Of then ten cars making the run eight made perfect records, and the other two were disqualified for perfection by dirt in the vacuum tank in one case, and in the other a brake band broke on a steep hill.

Leaving Los Angeles at 8 o'clock Monday morning, the cars were driven to Redlands, where a stop was made for lunch and the trip to Big Bear continued by way of the Mill Creek road.

Arrival at Lake
They arrived at the lake about 5:30 o'clock Monday afternoon, and stopped at Lowe's camp overnight. While in camp they enjoyed duck hunting, bringing in a good supply of game.

The cars left camp at 9 o'clock Tuesday morning and drove over to Arrowhead lake and stopped for lunch at the Arrowhead lake club house. En route to Arrowhead lake and back they drove very close to the area being swept by the recent forest fires.

After lunch the cars were driven down by way of Strawberry Flats, and arrived in Los Angeles in the evening.

In view of the steep roads traveled, some of the altitude reaching 7900 feet, Mr. Packer says, the run was remarkable, and he is anxiously awaiting the receipt of definite figures on the amount of oil and gasoline used.

Avoid Sudden Bumps

Hitting bumps at high speed doubles the fiber stress on springs, axles, tires, etc., thereby shortening their lives.

Want Smooth Tires

Because many of the country roads in Ohio have been made almost impassable for automobiles by the havoc wrought by threshing machines passing over them, the Cincinnati Automobile club is backing a movement to urge the passing of a law making it imperative that threshing machines when traversing country roads, use plain iron wheels or rubber tire wheels.

May Require Stops

As a means of reducing accidents on highways in Detroit, Mich., city officials are considering the advisability of requiring the driver of an automobile or truck to come to a full stop before crossing or entering from the boulevards and avenues all delivery vehicles, trucks and teams.

The automobile in Europe, as a passenger vehicle, is a mark of the well-to-do. In the United States an average of nearly every tenth family enjoys a passenger automobile.

Side Talks by Ruth Cameron

CHEAP AND BEAUTIFUL

How beautiful cheap things often are today!

There was a time—a time so recent that all but children and flappers can remember—when cheap was synonymous with ugly and tawdry. If you bought an inexpensive undergarment it was sure to be of the coarsest material and slathered with cheap lace; outer garments that did not cost a lot were of ugly colors and meretricious lines; if a morning dress were cheap, the goods were of a hideous pattern.

In those days, ready-made clothes were either cheap with all the tawdriness and ugliness that that word has come to connote, or costly with (perhaps) all the loveliness that word suggests. In these days there is absolutely no such distinction. Cheapness and beauty—or, since its long association with ugly things has given an ugly meaning, perhaps I had better say inexpensiveness and beauty, are coming more and more to go hand in hand.

A Flower Garden of Dresses

I never go to town and pass by the shop windows without being struck anew with the loveliness of inexpensive things, these days. One window is gay with Japanese crepe, the cut is simple and attractive, a square, a square neck, sleeves chopped off in just the right place, grey, a lovely sea green, orchid, burnt orange and blue make a flower garden of the window. And to lend a final touch of charm and distinction,

People who are amiable and kindhearted don't have to be very "smart," heaven bless them.

BEAUTY CHATS

ON BEING A CYNIC

Sometimes I feel that I should warn my readers not to believe everything they read. I don't mean that they should be absolutely cynical but that they should apply hard common-sense to what they read on the subject of health and beauty. A fancy name in large type doesn't mean that the article is necessarily a cure-all for blemishes; the contrary, in fact, is more likely to be the case.

Your best guide when you don't know is to purchase only the best known preparations. These are usually, but not always, the most advertised ones. Even this is not an absolutely sure guide. You must go by the quality of the advertising as well as the amount. That is a statement that needs further explanation, and that is why I advised you to be cynical. Your common sense will tell you that no grand cure-all for beauty has yet been discovered. Had it been we would all have known of it long since and it would need no expensive advertising. Therefore, beware of the preparation which says it will make you beautiful overnight, or grow you a thick head of hair by morning. It takes years of neglect or the wrong sort of treatments to give a bad skin or a partly bald head. Your common sense must tell you, then, that it will take months at least to make such a condition right.

But nobody can lay down hard and fast rules in a matter like this. I can only tell you not to buy a cream or face powder because of its gaudy jar, or an

eyebrow tonic because of its delicate perfume. Another warning is don't purchase certain preparations simply because the shop assistant recommends them. Every shop handles on commission a certain line of preparations and naturally will wish to sell that special sort.

Frances—Bleach the sunburn from your arms by rubbing into the skin each night either the juice of cucumbers or lemons.

Princess—A cream to be nourishing should contain vegetable oil, such as almond or olive. As fine grade of these are expensive, mineral oil is often used instead, but this oil does not nourish, which may account for your disappointment in using some creams. Excellent cream formulas are printed in this column from time to time, but there is not space to repeat one just now. If you send a s. a. e. I shall be glad to mail you directions for making both cleansing and building creams.

Catherine—A piece of chamois rubbed over the skin when it appears shiny, will be all that most complexions need.

Pauline—As you are only 16, you cannot be evenly developed. A few more years will be all that you need to perfect your proportions.

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns in their turn. This requires considerable time, however, owing to the great number received. So, if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Practical Housekeeping

SUNDAY DINNER MENU

Consomme
Roasted Guinea Fowl
Broiled Bacon
Currant Jelly
Fried Hominy Stewed Celery
Honolulu Salad
Orange Jelly Small Cakes
Coffee

Roasted Guinea—Singe, clean, wash, stuff and truss a choice guinea hen. Brush over the outside with soft butter, sprinkle with salt, pepper and flour. Fasten two slices of salt pork over breast and legs, using toothpicks. Place in dripping pan, breast side down, over three or four slices of salt pork. Cook in hot oven until evenly browned, dredge lightly with flour, cover and cook in moderate oven until tender (about three hours).

Fried Hominy—To two cups of boiling water, add, gradually, while stirring constantly, one-half cup fine hominy and one-half teaspoon salt. Let boil three minutes; then cook in double boiler one hour. Pack solidly in brick-shaped mould and, when cold remove from mould, cut in thin slices, dip in flour, and saute in butter until well browned on both sides.

Stewed Celery—Wash, scrape, and cut celery in one-inch pieces, there should be two cups. Cook in boiling salted water until tender, drain and add to one cup, medium, white sauce.

Honolulu Salad—Put one-half cup cottage cheese in mixing bowl and add one tablespoon chopped pimento, one teaspoon chopped green pepper and one-fourth teaspoon salt. Work all together well, shape into balls one inch in diameter. Arrange one slice of canned pineapple on individual salad plates covered with crisp lettuce leaves, and place a cheese ball on each slice of pineapple. Place one-half English walnut meat on each cheese ball. Serve one tablespoon of cooked salad dressing upon each serving.

Cooked Salad Dressing—Beat the yolks of three eggs until thick and lemon colored, add four tablespoons oil, very slowly, four tablespoons melted butter, two

tablespoons vinegar and one tablespoon lemon juice. Cook in double boiler until mixture coats the spoon. Add one teaspoon salt, one-half teaspoon dry mustard, one-fourth teaspoon pepper and one-eighth teaspoon cayenne, which have been mixed, and sifted. Chill thoroughly, and when ready to serve, mix with an equal quantity of slightly sour cream, whipped stiff.

Orange Jelly—Soak two tablespoons gelatine twenty minutes in one-half cup cold water, then dissolve in two and one-half cups boiling water. Add one cup sugar, one tablespoon lemon juice, one-half cup orange juice and strain into a mold and chill. When ready to serve, unmold onto cold platter and garnish with whipped cream and orange sections.

Small Cakes—Cream one-third cup butter, add one and one-fourth cups granulated sugar slowly and continue creaming. Mix and sift two cups pastry flour, two teaspoons baking powder, one-eighth teaspoon salt and add these and two-thirds cup milk, one teaspoon vanilla and one-half teaspoon lemon extract to the butter and sugar. Mix well and beat two minutes. Beat the whites of two eggs very stiff and fold them very carefully into the cakes mixture. Fill lightly buttered and floured muffin pans two-thirds full with the mixture. Bake for twenty-five minutes in a moderate oven, allow to stand for five minutes; then slip a knife around the edges and remove carefully from the pan. Turn bottom side up and allow them to cool. Ice on the bottom side.

Copyright, Cronk Syndicate, 1922.

PAPERS FROM PEAT

English experimenters have demonstrated the possibility of making newsprint and other papers from peat, mixed with wood pulp for the finer grades.

LEGS ON TRUCKS

An inventor has given a two-wheeled freight or baggage truck a pair of legs hinged to the center of the handles to enable it to be moved up stairs.

Diet and Health

By Lulu Hunt Peters, M.D.

Author of "Diet and Health, with Key to the Calories"

ANSWERS TO CORRESPONDENTS

My Dear Followers:

Mrs. F. J.—You say your baby weighs 12½ pounds and is very thin and has not gained for the last three months. He is on a formula of 15 ounces of milk, one ounce malt sugar, 14 ounces of rice water and one and one-half ounces of lime water.

Your baby is simply not getting enough to eat, Mrs. F. J. That is why he is thin. A normal weight baby should have from one and one-half ounces to two ounces of milk per pound per day, and a thin baby should have even up to two and one-half ounces. You can see that your baby, even on the lowest count, is getting about four ounces less than he should.

You must gradually begin to increase the milk about one ounce every third day until he is getting up to perhaps 24 ounces of milk or more. You can increase the sugar, too, to one and one-half ounces. Dennett allows one and one-half ounces on sugar per day after the baby weighs 10 pounds.

This gives a mixture of six or seven per cent sugar, the same as is in breast milk. Four level tablespoonsful of malt sugar is one ounce, so he could have two level tablespoonsful more. But increase it very gradually—about one level teaspoonful every other day. If you have any difficulty you had better see a baby specialist.

We do not use lime water in milk now.

Mrs. S. P.—Fifty-two years of age is young, woman! Certainly you should not be encumbered with so much excess weight. And you will benefit by reducing, undoubtedly. Our oldest follower, so far, is 83, and he is most enthusiastic. The chief thing to remember is to reduce slowly and to have a balanced diet while reducing. Send for our instructions if you haven't them.

Mrs. C. J.—If you will send the s. a. e. (stamped addressed envelope) and repeat your request we will send you an article on how to prevent your baby from sucking its thumb. Until you receive our instructions and picture of a splint, wrap a piece of cardboard in a cloth or towel and pin it around his elbows securely so that he cannot get his thumb to his mouth. Keep it on night and day, constantly, until the habit is broken. It is a most

pernicious habit and will result in the deformity of his thumb and mouth if he persists. Perhaps it has resulted in that already, but I hope not.

Mr. R.—Your "goneness" feeling in your stomach at 3 or 4 o'clock in the mornings is due to the fact that you are not sufficiently nourished and your stomach is sensible enough to protest. Drink a glass of milk at that time or warm cocoa or some other nourishing drink, and gradually increase your calories during the day so that you will gain.

You say you walk continuously to keep from thinking and that sometimes you experience a feeling of being afraid to be alone. I predict that will all pass away when your nerves are better nourished. And send for our instructions on gaining.

I will tell you or any of our other readers of a splendid book to read which will help you about your nerves, if you will write me and enclose the required s. a. e. Miss E. W.—It is a most dangerous thing to take drugs to reduce, unless you are under the careful supervision of a scientific physician at the same time. The patent medicines to reduce usually contain arsenic, thyroid, mercury, iodine or other powerful drugs, and they are dangerous. Why do you want to use drugs to reduce? They are not necessary 999 times out of 1000.

Monday—Immunity.

starts at Eagle Rock the same day at 9 a. m. Glendale, Burbank, Lankershim, etc. Let there be a good representation from Glendale. For additional information phone Glendale 786-W or 1649-R.

The New World Begun

"millions now living will never die"

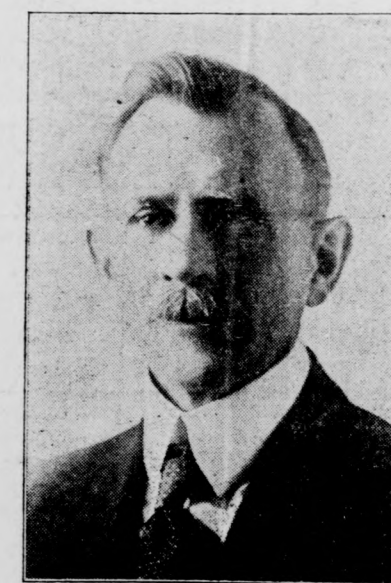

—JUDGE RUTHERFORD

LIFE, perfect, limitless; with a regenerated race; on a restored earth; with a corrected climate and life-perpetuating food; under a Government which will satisfy the righteous desires of every living creature. And it's HERE, at the door! The portals of the new age are swinging open and many will enter and never die.

The old order is passing away, the new order is here. Christ Jesus is taking unto Himself His great power and beginning His reign. The Kingdom of Heaven is at hand.

You can by no means afford to let business or pleasure or any person deprive you of the solace and benefits enjoyed by those who have investigated this timely and heart-cheering message. The sole object of this Lecture is to bring to the people a knowledge of the dispensational truth now due to be understood.

You are cordially invited to hear

JAMES CULLEN WATT

CHAMBER OF COMMERCE HALL

GLENDALE, CAL.

150 SOUTH BRAND BLVD.

Sunday, October 29th, at 7:45 P.M.

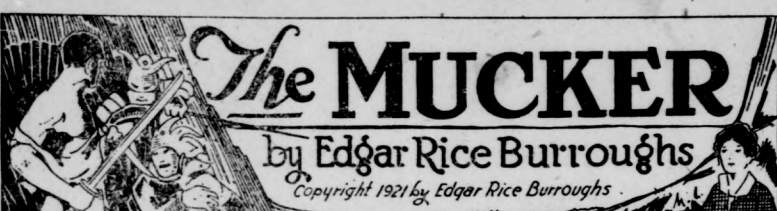

Judge Rutherford's book, "Millions Now Living Will Never Die," treats the above and a score of related subjects in detail. It cites hundreds of Scriptural proof texts, identifying them with present-day events. 128 pages, 25 cents. Send your order to I. B. S. A. Lecture Bureau, 1051 South Grand Avenue, Los Angeles, Cal.

The MUCKER
by Edgar Rice Burroughs
Copyright 1921 by Edgar Rice Burroughs

Suddenly, without warning, Swenson and Miller fell, pierced with savage spears, and at the same instant sinewy fingers gripped Barbara Harding, and a silencing hand was clapped over her mouth. There had been no sound above the muffled tread of the scamen. It had all been accomplished so quickly and so easily that the girl did not comprehend what had befallen her for several minutes.

In the darkness of the forest she could not clearly distinguish the forms or features of her abductors, though she reasoned, as was only natural, that Skipper Simms' party had become aware of the plot against them and had taken this means of thwarting a part of it; but, when her captors turned directly into the mazes of the jungle, away from the coast, she began first to wonder and then to doubt, so that presently when a small clearing let the moonlight fall upon them she was not surprised to discover that none of the members of the Halfmoon's company was among her guard.

Barbara Harding had not circled the globe half a dozen times for nothing. There were few races or nations with whose history, past and present, she was not fairly familiar, and so the sight that greeted her eyes was

(To Be Continued)

Crutches in the form of a light framework on wheels, permitting considerable liberty of motion, have been invented to help crippled persons regain use of their legs.

"Come!" he said, in Japanese that was sufficiently similar to modern Nippon to be easily understood by Barbara Harding. With the word he drew her toward a sleeping mat on a raised platform at one side of the room.

Once within the warren the two samurai who had guarded Barbara upon the march turned and withdrew—she was alone with Oda Yorimoto and his family. From the center of the room depended a swinging shelf upon which a great pile of grinning skulls rested. At the back of the room was a door which Barbara had not at first noticed—evidently there was another apartment to the dwelling.

The girl was given little opportunity to examine her new prison, for scarce had the guards withdrawn than Oda Yorimoto, approached and grasped her by the arm.

APPARATUS AND DEVICES

By RALPH BROWN, RADIO ENGINEER

RECEIVERS DE LUXE

The illustration shows a receiver modeled on the lines of a very handsome gramophone. It is manufactured by the largest radio concern in the country, and eloquently proves their optimism in the arrival of radio as an entertainer in the home.

It is designed for the use of people requiring an instrument that will fit in well furnished establishments, and is built with particular regard to the need of the novice, as it is extremely simple in the method of adjustment.

INSTRUCTOR U. S. AIR SERVICE

SELF INDUCTANCE

With a single circuit carrying a current the magnet flux which threads through the circuit (and hence the number of linkages) is directly proportional to the current.

The value of inductance depends upon the number of wire turns, upon the shape and size and upon the permeability of the medium about the circuit. The inductance does not depend upon the current which is flowing, except when iron is present. By coiling up a piece of wire in many

turns and introducing it into the circuit the inductance of the circuit may be greatly increased. In that case the inductance is said to be concentrated. It must not be overlooked that the entire circuit has inductance. This may be distributed more or less uniformly throughout the circuit.

If a piece of wire is connected to one terminal of a dry cell and tapped on the other terminal of the cell a very slight spark may be seen at the instant of contact. If a coil of many turns of wire is included in series with this cell the same process of tapping will show brilliant sparks, particularly if the coil has an iron core. The explanation lies in the fact that the coil voltage of about 15 volts is too feeble to cause much of a spark. However, when the large inductance is included there is a large number of linkages taking place in a short interval of time. This means that a large voltage will be set up. This principle is made use of in ignition apparatus and spark coils of various types. According to the law of Lenz, the induced emf. will be in such a direction as to oppose the change which causes it. In this case, when the circuit is broken, the change is from some value of the current to zero. Therefore, the induced emf. will be in the same direction as the original current, and will try to keep the current flowing. On the other hand, when a battery is being connected to an inductive circuit by a switch the rising current will establish a set of magnetic flux lines, which will, as they induce an emf. which tends to keep the current from rising.

Dependable Lumber, Good Construction

In comparing house building of the present and the past Donald K. Gillin, service manager of the Bentley-Schoeneman Lumber company at 460 West Los Feliz road, says: "Every so often we hear a man saying, 'Well, they don't build the houses they used to.' That Bill Jones house over there hasn't been up but seven years and look at it. It isn't near the one this house is, even if it is thirty years old."

"Take the old house apart, what made it durable? Why, two important features, dependable materials and good construction. That's the secret of many a frame house that has weathered the years."

"The Bentley-Schoeneman Lumber company, as well as other experienced dealers throughout this section, are urging return to dependable lumber and construction. They provide complete building plans and specifications to customers without charge and satisfy the demands of the better builder."

Freight transportation by airplane is being arranged in the Congo by Belgian aviators.

Uncle Wiggily Bedtime Stories

By HOWARD R. GARIS

UNCLE WIGGILY AND SUSIE'S JACK

"Uncle Wiggily! Oh, Uncle Wiggily!" called a voice after the busy rabbit gentleman, as he went hopping down the path one day.

"That doesn't sound like either the Fuzzy Fox or the Woosie Wolf," thought Mr. Longears. "I think it will be safe for me to stop and turn around."

"When Uncle Wiggily had done this he saw Susie Littlebit, the rabbit girl, hopping toward him. "What do you want, Susie?" asked the bunny gentleman. "If you want me to take you adventuring with me this morning I'm afraid I can not, as I am in a hurry."

"Oh, I don't want you to take me with you," said Susie, trying to make her pink nose twinkle as Uncle Wiggily did his. "But I want to know if, when you come back, you'll bring me a Jack."

"Bring you a Jack?" exclaimed the rabbit. "Do you mean a Jack in the Pulpit, a Jack and the Bean Stalk or Jack the Giant Killer?"

"Neither one," laughed Susie. "I'd like a Jack in the Box, Uncle Wiggily. Please bring me one."

"I will if I can find one in a toy store," promised Uncle Wiggily, and then he hopped on again, his pink nose twinkling very fast.

"Oh, how I wish I could do that!" sighed Susie as she saw her uncle's nose. "It looks just like a strawberry shortcake. But maybe if I'm a good little rabbit some time I can wink my nose like Uncle Wiggily's. Anyhow, I hope he brings me a Jack in the Box to play with."

Uncle Wiggily hopped on and on. He was in a hurry to have an adventure. Earlier that morning Grandpa Goosey Gander, who had been wandering in the fields, came past the bunny's hollow stump bungalow and Grandpa Goosey said:

"I think there must be an adventure down in the meadow. I have heard a great noise and saw the trees moving."

So Uncle Wiggily was hurrying to the meadow to have the adventure. But when he got there, if the cupboard was not exactly bare, he found no adventure. For it was only the wind making the howling noise and shaking the tree.

"Goodness knows I can't have an adventure just with the wind!" laughed Uncle Wiggily. But he did have a small adventure, for the wind blew off his tail silk hat and he had to chase after it, and he fell down and bumped his pink nose. So it was a sort of adventure after all, though not a very jolly one.

"Well," said the bunny gentleman to himself as he put on his hat, "I may as well go get Susie's Jack."

Off to the toy store he hopped, and the Monkey Doodle gentleman looked over the tops of his glasses at the bunny when Mr. Longears said he wanted a Jack in the Box.

"I'm sorry," spoke the Monkey Doodle, "but I only have one left and he is broken."

"How broken?" Uncle Wiggily wanted to know.

"Well, the thing that holds the coil voltage of the box is broken off," said the Monkey Doodle gentleman. "The box won't stay closed and Jack keeps popping his head out all the while just when you don't want him to."

"Outside of that he is all right?" asked Uncle Wiggily.

"Yes, outside of that he's all right," said the Monkey Doodle. "While I have Jack in the store I keep a book on the cover of his box and that holds it closed. But if you carry the box in your paw Jack's head will be sticking out all the while."

"I know what I'll do," said Uncle Wiggily. "I'll put the box in a tight pocket. My pocket will hold the box cover down until I get home, and there I can make a new fastening for it. I'll fix Susie's Jack all right."

"Then I'll let you have the toy a little cheaper because it is broken," said Monkey Doodle.

He picked up the Box Jack, and, surely enough, as soon as the book was lifted from the cover, open it flew and out popped the funny little image with a fringe of black whiskers.

"Back in you go!" laughed Uncle Wiggily. He pressed the Jack back in the box and held the lid down until he had the box in his pocket. Then the pocket held the box cover tightly shut.

Uncle Wiggily was hopping along, thinking how happy Susie would be with her toy when, all

of a sudden, out from behind a tree jumped the Woosie Wolf.

"What's that in your pocket?" asked the Wolf, pointing to where the Box Jack stuck out in the bunny's coat. "Here, I'll take it!" whined the Wolf, "and then I'll nibble your ears!"

Before Uncle Wiggily could stop him the Wolf reached in the bunny's pocket and pulled out the box. And, of course, as the lid was not fastened down, open it sprung and out popped Jack, almost hitting the Wolf on the nose.

"Wow! Widdle! Oh, Zoopie!" howled the bad chap, frightened half out of his wits. Then, dropping

"Oh, Zoopie!" howled the bad chap.

ping Susie's Jack, away ran the bad chap. Uncle Wiggily laughed and picked up the toy, which was as good as when he bought it.

"You saved my ears, Mr. Jack," said the bunny. Then he made a catch to hold the box cover down, and Susie had much fun with her plaything.

So if the egg beater doesn't stand on its head when it ought to be chasing the cream around the bowl to make it thick for the cake, I'll tell you next about Uncle Wiggily and Sammie's jumper.

Asserts Time Bomb Cause of Disaster

JACKSON, Cal., Oct. 28.—It was reported today as members of the committee appointed by Governor W. D. Stephens to probe the Argonaut mine disaster, closed their local investigation that they were greatly impressed by the declaration of Ben Sanguinetti, Argonaut mine foreman, that the fire was set by a time bomb.

Sanguinetti told the committee that all indications pointed to the fire having been set by a bomb which he believes started the fire prematurely. He said his investigation had convinced him it was the intention of incendiaries to fire the mine and they had planned to do so without loss of life, figuring that the miners would come to the surface at midnight for lunch. The bomb, he said, apparently went off half an hour too soon, trapping the forty-seven miners below the surface of the earth.

You Win \$2000

Costs You Nothing to Try—So Solve This Puzzle

YOU SHOULD WIN

The person having the largest list of words beginning with the letter "F" will get the First Prize. You surely have a real chance of winning at least one of the prizes offered—there are fifteen of them. Why not try for the big prize and win \$2000.00. Somebody will win it—your chances are as good as anybody's.

Just think what you could do with the money. \$2000 could buy an automobile and leave enough balance to make a payment on a cozy home. Perhaps you have in mind just the thing you would like to do if you received a check for \$2000.00. Certainly you owe it to yourself to try to solve this puzzle. You will find the trying very easy and pleasant.

The Way to Win One of the 20 Prizes

You do not have to spend a penny to get into this contest. It is not necessary for you to order any Yeastolax. If your list is adjudged to be one of the twenty best you will receive one of the cash prizes. Without your order for Yeastolax, if your list of words commencing with the letter "F" is the largest you receive the first prize of \$50. If the judges award you the second prize, without your order for Yeastolax, you will get a check for \$25, and so on down the line as shown in this announcement.

Win the Big Prize—\$2000.00

If you choose you can win a great deal more than the Class A prizes. All that is necessary for you to qualify your list for the BIGGER PRIZES is to send in an order for one or more packages of Yeastolax. Look over carefully the schedule of prizes as classified in this announcement. You will find that if you send in \$1.00 for one package of Yeastolax and the judges award you first prize you will get \$200.00. If you send in \$2.00 for two packages of Yeastolax and your list is awarded first prize you will get a check for \$600.00, and so on up. If you send in \$5.00 for 5 packages of Yeastolax and the judges award you the first prize you will receive the Big Prize of \$2000.00. Should your list be judged as the second best you would receive \$1000.00, and so on down the list. Remember, there are twenty prizes offered, as shown. All the opportunity one could desire. Go in to win the best prize.

\$500.00 Extra Award for Promptness

Dec. 15th, 1922, is the last day for receiving your solution to this puzzle qualifying you to win one of the prizes. But, note this: For every day before that date that your order for Yeastolax is received an extra \$10.00 for each and every day will be added to any first prize won. If you send in your order today you will get a receipt for the money; then you can send in your solution any time before Dec. 15th and your list will be qualified for any of the prizes. We will award an extra \$200.00 in this manner. You should try your very best to earn this additional award. It will cost you little additional effort. It costs only \$1.00 to order duplicate amounts of \$200.00 to read about our extra premium of \$200.00 genuine Russian Rubles, whether or not you enter this contest.

Go After the Big Prizes—don't delay—start right away—get into the contest. How many words can you find with the letter "F"? Great amusement—great opportunity. \$2000.00 is awaiting your call. Now is the time to act.

Yeastolax Co., Chicago
1253 S. Michigan Ave., Dept. X138

RULES: 1

This puzzle is open to everybody except employees or relatives of the Yeastolax Co.

2 The First Prize will be awarded to the person giving the largest number of words beginning with the letter "F". The picture is very clear; there can be no mistakes. You will find it very interesting to look for these words, and may win the big prize. Anybody can try—costs nothing. Why should you not be the winner of the \$2000.00?

3 Words of synonymous meaning and words of the same spelling, but different meaning, will count as only one. Use either the singular or plural of a word. Only words appearing in Webster's Dictionary—and not obsolete words, will be considered.

4 Words must be numbered 1, 2, 3, etc., consecutively.

5 The contest will be decided by three judges independent of and not connected with the Yeastolax Co. These judges will award the prizes. Contestants agree to abide by the decisions of these judges, and it is understood that such decisions are final and conclusive. The names of winners and winners' lists will be published as soon as possible after the contest. A copy of this list will be furnished to anyone who desires a stamped, addressed envelope. Two or more persons may co-operate in this contest. The prize will be awarded to any such co-operating group.

6 Lists of names must be received at our office (any day) during regular office hours) on or before Dec. 15th, 1922. For every day before that date (and not later than Sept. 15th) of this date that your order for Yeastolax is received you will get an additional award of \$10.00 per day, added to any first prize won. In case of ties this award will be duplicated to every contestant so tying.

Important—Special Introductory Premium

In order to quickly introduce Yeastolax into every community, we will give to any person, regardless as to whether or not he sends in a solution to this puzzle,

ABSOLUTELY FREE—50,000.00 RUBLES

The Russian Ruble recently was worth 55¢ per ruble, giving the above a value of \$27,500.00. We give 50,000 Rubles FREE with each and every package ordered. That is to say, if you send in \$2.00 for two packages you will receive 100,000 Russian Rubles, and so on. It is rumored that \$20,000,000.00 worth of radium has been discovered in Russia, and the press is calling attention to vast American projects of oil and other industries that are being directed towards Russia. The Chicago Tribune on Sept. 15th called attention to the new canal which has just been opened for shipping between Russia, Germany, Persia and Central Asia, affording a new source of raw materials for the Russo-German combine, especially oil, manganese and copper and opening up the rich Persian and Central Asian trade to Germany and Russia. Think what this means; surely you cannot afford to pass up the opportunity to acquire these Rubles. We will give 50,000 Rubles free with every \$1.00 order to those who enter the contest as well as those who do not.

BERKEEY BRUINS

DUE FOR VICTORY

Southern California's Warriors Have Small Chance to Win, Is Predicted

By WILLIAM G. CAYCE
For International News Service.
PASADENA, Oct. 28.—Southern California's greatest annual intercollegiate football classic is on tap here for this afternoon when Coach Andy's Smith's "wonder team" from the University of California clashes with the University of Southern California Trojans to settle an old argument. Incidentally, the victor in today's battle will in all probability be selected to meet Penn State here on New Year's day.

One of the greatest crowds in the west's football history will witness the struggle for gridiron supremacy between the best the north and south can produce. Several hours before the game it was estimated that 30,000 persons would witness the contest.

California, because of its unchallenged record, took the field a decided favorite. It was freely predicted that the Bruins from Berkeley would win by a safe margin, though not without a struggle.

More perfect football weather could not be asked. The day dawned slightly cold for Southern California and the slight rain of yesterday was declared not to have damaged the new field.

Both Predict Victory

Coming as a mild surprise Coach "Gloomy Gus" Henderson of the Trojans, who for the past week has predicted defeat for his own team, declared shortly before game time that he expected his aggregation to win.

Coach Andy Smith of the Bears also predicted victory, but not without a struggle.

The Sport Crucible

By Davis J. Walsh
International News Service Sports Edition

NEW HAVEN, Conn., Oct. 28.—All of the vivid color of a big football game, without its consequences, is contained in the meeting of Yale and West Point in the unnatural hollow of the Yale Bowl this afternoon. It is the most colorful splash on today's weather map; pock-marked though the latter is with a vermillion trail of gridiron disturbances, east and west.

The bowl is always colorful when brimming with an overflow crowd. It will be filled to capacity this afternoon, some 76,000 in all, and it will be a gathering such as the stadium has known only once before. That was as recently as last year, when Yale and the Army were watched by an overflow crowd in which muffs and service garb blended in riotous color.

The game itself is a secondary consideration—merely a spectacle. A defeat will not be viewed as a disaster by either team, for they are shooting at the big November games with Harvard and the Navy, and can lose today without undue annoyance. It will be good, hard football, but quite orthodox, neither caring to bare the strategic hand at this stage of the proceedings.

Yale is generally favored to win, largely because of its greater versatility and speed in the backfield. Right at the moment the Army line is playing the soundest football of any in the east and the Yale forwards have uncovered defensive weaknesses from time to time, but the return of O'Hearn and Jordan gives Yale the greater punch.

French, the only real threat the Army has had during recent years, has graduated, and while Woods, Lawrence and Smythe are good, average backs they will not give the Yale defense as much to do as did Parkin, of Iowa, a few weeks ago.

Because of an obvious looseness in the Yale system of defense it is altogether possible the Army will score at least once, but the running attack of the Blue, built around Jordan, O'Hearn and Neidinger, should prevail.

Some fellow has started the "pocket in one" club by driving a ball into the pocket of a sweater worn by a player who was preceding him on the links. It also shows that the man who accomplished the feat wasn't particularly thoughtful for the safety of the fellow ahead of him. He is the kind of a chap who ought to be ruled off the links until he uses that portion of his anatomy located above the ears.

It is a common thing now for college and professional baseball teams to tour the Orient, so that the fact that a squad of major leaguers are on the busy Pacific headed for Japan, does not cause any ripple of excitement. There is no doubt that these excursions help to spread the fame of our national game abroad and go a long way toward teaching foreigners the game, but the men carry a responsibility in the impression they give through their conduct.

This has not always been thoroughly realized. Every precaution should be taken by the baseball commission that the men who represent the country in this display of the national game will bring no discredit on us through any act that is unsportsmanlike. An irresponsible gang of youngsters making the trip without restriction of any kind and responsible to no one, can do much to mar the years of sportsmanship which have been so hard to eradicate.

Now that it is the exception and not the rule for a golfer to be a member of the "hole in one" club,

SPORTS CHATTER

By BILL UNMACK
PACIFIC SPORTS SERVICE

October 18, 1873, is an historical date in the American football world. History was made that day when representatives of Princeton, Yale, Columbia and Rutgers met in New York and framed the first code of governing intercollegiate football. In that year Princeton defeated Yale, this being the first game played under the American rules. Two years later, in 1875, the rule formulated at New York in 1873, was put into effect. It was among the colleges and Harvard that year joined the original quartet of colleges and from that date the onward march of American football has been one series of successes.

The kind of football that was played prior to 1873 was anything and everything. Some of the colleges—Yale and Harvard notably in the early '70s—played the English rugby. Prior to the introduction of the English game there were no set rules. In the '40s there was a game of crude character which resembled more the present class rushes of the colleges. These rushes were at first governed by neither law or rule, but during the '60s the game took a sort of organization and a ball was introduced for the first time, and more or less enjoyment was secured by kicking it about.

Rugby was introduced from England in 1870, but there was no intercollegiate competition. The first actual competition was on November 15 or 16, 1872, when Columbia and Yale played. There were twenty men on each team, and the type of game played was more on the order of soccer football rather than rugby. The players wore costumes of long pants with a knitted jersey. The rules failed to specify what was "on side" or "off side" and goals were made by kicking the ball between the posts and not necessarily over the bar. No player was allowed to pick up the ball nor could they carry or throw it, and there was no tackling.

Fouls were strictly ruled on and the penalty for such was that the player committing a foul had to throw the ball straight up in the air, and no player was allowed to touch it until it reached the ground. This rule was the means of producing many fine and skillful drop kickers, the men kicking the ball just as it touched

the ground. The ball used in those days was a round rubber affair. Another rule, that in these early days proved a good one, was that when a man was disabled and had to retire, such retirement forced the opposing team to drop a man. The reason of this was the hard task captains had to get enough men at any college to come out for the game.

The real changes in the rules toward the present day American ideas started in 1875. That year Harvard defeated Yale by four goals and two touchdowns to zero in game, the rules of which were a compromise between the English rugby and the American rugby styles. The compromise rules were not at all satisfactory, and both colleges again adopted straight English rugby rules. This did not last long, and since then the rules have been altered and altered until today we find American ideals and standards. Teams were to pass the ball rapidly in practically every college from the colleges had five and six teams and played a series of interclass games and gradually the great intercollegiate competition that now honeycombs the country began with each year attaching more and more importance to college football.

Important Battles Under Way In North

SAN FRANCISCO, Oct. 28.—Two important football games are scheduled for this city today, both of them intercollegiate contests. Saint Mary's college journeys from Oakland to meet the New Mexico Aggies and Santa Clara university plays the University of Arizona.

Because California and Stanford are at Pasadena and Cornell Aggies in their first conference games of the year, the interest of fans has been centered on the local contests.

GLENDALE BEATEN

BY SO. PASADENA

Locals Lose 18 to 0 and All of Scores Are Made In Final Quarter

Glendale High school's heavy-weight football team went down to defeat yesterday afternoon on the home lot for the first time of the season. South Pasadena's Black and Orange warriors being the victors. The contest, which terminated in an 18 to 0 score, was one of the "heart-breakers" affairs that could have taken place for the followers of any team. South Pasadena, through an unusually large number of lucky breaks throughout the fracas, came out on top, a team which appeared to a majority of the spectators as being at least twenty per cent their superiors.

All of the visitors' points came in the final quarter of play, each one of the three touchdowns coming as the result of flukes. The first score came about three minutes after play had started in the final period when Farqueson, Tiger right-half, intercepted a Glendale forward pass on his own twenty-yard line and raced eighty yards through a clear field to the goal. The kick was blocked.

Now Comes Another
The second "wet blanket" came a few moments later when Butts, who seemed to be slightly off his usual form all afternoon, nuffed a punt on South Pasadena's forty-yard line. "Pat" Ireland, the invaders' left tackle, scooped up the ball and loosed to the distant end of the field with the other players far behind. On this play Gingly playing safety for Glendale, ran past the ball, leaving his goal unprotected.

The final touchdown was put across just before the game closed when Kendrick of S. P. recovered a Glendale fumble on the latter's ten-yard marker. From this point a perfect pass was put over on the fourth down, Farqueson to Cleveland. The line-up:
Glendale Pos. So. Pasadena
West R.E.L. Cass
Bartow R.T.L. Ireland
Phillips R.G.L. Del Mar
Marshall C. Magoffin
Shannon L.G.R. Bowyer
Clouse L.T.R. Peterson
Lavelle L.E.R. Kendrick
Horii Q. Cleveland
Butts L.H.R. Farqueson
Stofft R.H.L. Ingoldsby
Ryan F. McEnery

FLLOURMILL AND GRISTMILL

A census bulletin has just been issued that shows the total quantity of grain ground by all flour mills in 1919 represented an increase of 15,355,230 bushels, or 1.8 per cent, over the amount reported for 1909. For the merchant mills the increase was 23,783,232 bushels, or 2.9 per cent, but the quantity reported for the custom mills showed a decrease of 8,423,102 bushels, or 12.6 per cent. As the custom mills, as a rule, keep no exact records of the amount of grain ground, their reports as to this item are largely estimates based on the receipts for toll. Of the total quantity of grain ground both in 1919 and 1909, more than 90 per cent were reported by the merchant mills.

FIXES PROPERTY VALUE

WASHINGTON, D. C., Oct. 28.—The interstate commerce commission today announced it has fixed the tentative valuation on the Washington, Idaho & Montana railroad property at the sum of \$2,582,936.

100,000 Fans Are Barred From Contest

CHICAGO, Oct. 28.—Thirty-two thousand football fans—all Stagg field can accommodate—will witness this afternoon one of the greatest struggles in football history, the Princeton Tigers vs. the Chicago Maroons.

More than 100,000 persons already have been denied admission. Chicago and the middle west, not to say anything of the rest of the country, have concentrated full attention on the great game. The stage is set for the classic. Long before noon the rooting sentry, banners floating and colors waving, started for the stadium.

Five thousand loyal sons of Nassau will lend their presence and moral support to the Orange and Black huskies, who are confident of wiping out the 9 to 0 drubbing inflicted upon them when they met Chicago in Palmer stadium in 1921.

Both sides are claiming victory. Bad teams have expressed confidence that they will win. Chicago, however, is a slight favorite. Many 5 to 4 and 11 to 10 bets have been recorded. Considerable even money has been put up.

CIRCULAR ERASER

An inventor has connected a circular eraser by a spring to a finger ring to enable a draftsman or stenographer to carry it in the palm of the hand.

WATER AFFECTS ROPE

Water not only shortens a rope but increases its tensile strength and adhesive friction.

WE DO IT BETTER

A good job of painting does not consist in indifferently applying a certain amount of paint to a given surface. Each individual case requires special treatment to meet the demands of that particular job. All our paints are mixed on the job under the supervision of an expert who has made a study of local conditions. Let us talk over with you your painting requirements, both exterior and interior.

PRESBYTERIAN CHURCH

"Church of the Lighted Cross"

Cor. Broadway and Cedar

Preceding the Sermon

Every Sunday Night, 7:30

QUESTIONS

Oct. 29

Can a Person Be Happy In

HEAVEN

If He Knows His

Loved Ones Are In

HELL?

SPECIAL FOR MEN!

In addition to the regular

Sunday morning program of

the Men's Bible Class at the

city hall—

Mrs. A. M. Draper

Contralto, Will Sing

"Come Ye Blessed"
